

## Do you pay for one of the following medications?

- Glyburide
- Glimepiride
- Metformin
- Glipizide
- Glipizide-Metformin
- Any Tier 2 Insulin  
Humalog, Humalin, Lantus,  
Novolin, Novolog

**You could be getting them for free.**

## Reduce your medical costs by up to \$433 each year.

If you or someone in your family has been diagnosed with diabetes, you are eligible to receive great benefits. Your insurance provider, QualChoice, has created the new ChooseWell Diabetes Management program that is offered to you at no cost.

**Free or reduced co-pays  
on the most frequently  
used medications.**

**Access to life planning  
with Registered Nurse  
Health Coaches.**

**On-line programs to  
help track necessary  
information like blood  
glucose, cholesterol,  
and weight.**

Participation is free and will serve as a life-changing program for those who suffer from diabetes.

**For more information about the ChooseWell Diabetes  
Management Program or to join, call toll-free 1-888-795-6810.**
