Specifically, the President is hereby authorized to (i) accept the final schedule, interest rates and reoffering yields for the Bonds if he deems such rates, yields and maturity schedule to be appropriate and within the authority granted by this Resolution and execute the final Bond Purchase Agreement with the Underwriter, and (ii) execute the Continuing Disclosure Agreement. Prior to the sale of the Bonds, the President or the Chairman is hereby authorized to confer with Bond Counsel in allocating the principal amount of the Bonds between tax-exempt bonds and taxable bonds for federal income tax purposes.

The President is hereby authorized to negotiate an Underwriter's discount with the Underwriter that is not in excess of 0.325% of the par amount of the Bonds. The
purchase price may include original issue premiums and discounts in such amounts as may be approved by the President.

Section 3. The Board hereby authorizes the use of a Preliminary Official Statement in the marketing of the Bonds and authorizes the production of an Official Statement. The Preliminary Official Statement is hereby approved in substantially the form presented to the Board. The Board recognizes that certain revisions may be made to the Preliminary Official Statement prior to its delivery to prospective purchasers, and hereby authorizes the Chairman or the President to approve and accept such revisions, the signature of either on each such Preliminary Official Statement to constitute proof of acceptance of such revisions. The Secretary or Assistant Secretary of the Board is hereby authorized to acknowledge and attest the signatures of the Chairman and to execute such other documents as may be required in connection with the issuance of the Bonds.

Section 5. The President of the University and other appropriate officials are hereby authorized to present such information as they deem appropriate to the Arkansas Higher Education Coordinating Board for its advice with respect to the economic feasibility of the Project.

Upon the conclusion of successful negotiations, the Bond Counsel and the Underwriter will complete documentation for the issuance of the Bonds upon such schedule and in such manner as the President of the University shall direct.

Section 8. The provisions of this Resolution are hereby declared to be separable and if any provision shall for any reason be held illegal or invalid, such holding shall not affect the validity of the remainder of this Resolution.

Presentation by Dr. Maria Markham, Director, Arkansas Department of Higher Education:

Dr. Maria Markham, Director, Arkansas Department of Higher Education, made a very informative presentation explaining the proposed new funding formula which is outcomes-
based, student-centered and responsive to the attainment goals outlined by the State of Arkansas in *Closing the Gap 2020: a Master Plan for Higher Education in Arkansas*. The proposal contains measures for effectiveness, affordability and efficiency that acknowledge the following priorities:

- Differences in institutional missions.
- Completion of students' educational goals.
- Progress toward students' completion of their programs of study.
- Affordability through on-time completion of students' programs of study, limiting the number of "excess credits" earned by students and the efficient allocation of resources.
- Institutional collaboration that encourages the successful transfer of students.
- Success in serving underrepresented students.
- Production of students graduating with credentials in science, technology, engineering, mathematics and high-demand fields.

Special units such as the medical school, division of agriculture or system offices will be judged differently.

7. **Campus Report: Chancellor Daniel W. Rahn, University of Arkansas for Medical Sciences:**

Daniel W. Rahn, M.D., Chancellor of the University of Arkansas for Medical Sciences, gave a presentation on advancements made at UAMS during his nearly 8-year tenure. His presentation highlighted 73 degree programs, including 26 added since 2009. He discussed UAMS’ unique interprofessional education curriculum, efforts to expand graduate medical education, and the need for a state College of Dentistry.

He highlighted outstanding patient care programs and efforts to make those programs more accessible to all Arkansans through the formation of the Partnership for a Healthy Arkansas and the expansion of relationships with Arkansas Children’s Hospital and Baptist Health.

He noted the importance of Northwest Arkansas to the state and UAMS’ total economic impact on that region of $49 million. He referred to a study showing the annual economic impact of UAMS overall as nearly $3 billion and, with its affiliates, ACH and the VA, as $4.5 billion.

He discussed renaming UAMS Regional Programs to Regional Campuses, capital projects at some of the eight regional campuses, and the addition of a family medicine clinic in Helena. He praised the efforts of UAMS researchers who in the first six months of fiscal year 2017 were awarded $112 million in extramural funding, an amount equal to awards received for all of FY2016.
8. **Chairman’s Report: Reynie Rutledge, Board of Trustees, University of Arkansas:**

Chairman Reynie Rutledge thanked the Board and the audience for the tremendous opportunity of serving on the Board and for the opportunity to serve as its chair this year. A particular highlight of his time on the Board was visiting all the two-year campuses as well as learning about the workforce training they are providing. He ended his report by stating that he is the one that has benefitted the most from his service on the UA Board and thanked everyone again for the opportunity.

9. **President’s Report: Donald R. Bobbitt, University of Arkansas System:**

[Note to minutes: the first part of the President’s Report, the presentation by Dr. Maria Markham, was taken up out of order—just prior to the Chairman’s Report.]

President Donald R. Bobbitt thanked Chancellor Rahn and his staff for their exceptional job in hosting the meeting, and pointed out that Dr. Rahn’s exemplary service as Chancellor will be honored at a later meeting prior to his July 31 retirement date. Dr. Bobbitt introduced the leaders of the two institutions about to become a part of the UA System: Dr. Margaret Ellibee of Pulaski Technical College and Dr. Phillip Wilson of Rich Mountain Community College.

Dr. Bobbitt called on UACCH Chancellor Chris Thomason, who serves as Chair of the ERP (enterprise resource planning) steering committee, to update the Board on the committee’s progress. Chancellor Thomason stated that this project represents a tremendous opportunity to have systemwide finance, human resource and student information on a systemwide program which is cloud based and is very complex, comprehensive and highly technical. The committee wisely engaged ISG as the selection consultant, and the project is on budget and on schedule. The human talent in the UA System is incredible and the cooperation has been phenomenal. 250 individuals, who are subject area experts, have designed over 9000 requirements to insure the process is comprehensive and will produce the intended results for this immense project.

President Bobbitt then recognized and thanked Vice President for Administration Ann Kemp, who retired on December 31, 2016, for her exceptional body of work and service to the University of Arkansas System for more than a quarter of a century. After enumerating her career highlights, he wished her and her husband, Hal, the very best as they spend more time with their seven grandchildren.

Chancellor Daniel W. Rahn, University of Arkansas for Medical Sciences, requested approval of a proposal to add the following programs: (1) Graduate Certificate in Global Health, (2) Graduate Program in Biomedical Informatics, (3) Graduate Certificate in Healthcare Analytics, and (4) Graduate Certificate in Healthcare Management. Upon motion by Trustee Hyneman and second by Trustee Harriman, the following resolution was approved:

32.9 Approval of a Two-Year Contract for President Donald R. Bobbit and Authorization for the Chairman of the Board to Execute the Contract, UASYS:

Upon motion by Trustee Harriman and second by Trustee Waldrip, the Board approved entering into a two-year employment contract with President Donald R. Bobbitt and authorized Chairman Rutledge to execute said contract. Chair Rutledge stated that nothing else was discussed during executive session.

Trustee Hyneman then made the following comments about retiring Chairman Rutledge:
Hyneman Comments about Trustee Reynie Rutledge:

Mr. Chairman, if I could take a point of personal privilege, I think we’d be remiss if we didn’t take a moment to acknowledge an individual who has been a strong ambassador for our university system and an invaluable member of this board. As you all may have realized, between now and our next meeting, we are likely to have a new trustee appointed to fill the shoes of Chairman Rutledge, whose term expires in March.

Reynie was appointed to the Board of Trustees in March of 2013. He has served on several board committees, including as chairman of the committee on Two-year Colleges and Technical Schools, a role he took on with great interest, traveling to each of our five community colleges to learn about and support their important work. It speaks to Reynie’s abilities and leadership skills that despite being a relative newcomer, he quickly gained the respect and confidence of this body to be elected as vice chairman in 2015 and as chairman last year. As a banker, Reynie has spent plenty of time in a boardroom where he developed the analytical and diplomatic skills that he put into practice as a major asset to this board and the university as a whole. As chairman, he led us with a confidence and class that helped create a collegial dynamic among this board and the leadership across the system.

It’s also true that Reynie’s service to the University of Arkansas extends well beyond his time on the Board of Trustees. He’s been involved in major fundraising campaigns, serving his alma mater as a volunteer on numerous boards and committees whenever he’s called upon. These efforts include serving as a member of the executive committee and chair of the steering committee for Campaign Arkansas this past year.

Perhaps the best way to describe Reynie Rutledge is as a person of strong character and humility. We all know that he has earned tremendous success in his professional life and he’s been widely recognized as one of our state’s top business leaders. But he’s quick to deflect that recognition onto others. In a recent Arkansas Business article he attributed his success to “simple luck.” I think we all know there was a little bit more to it than that. He might even say that his service on this board was due to the luck of having a future Governor for a long-time neighbor. But I would turn that around and say that we have been the lucky ones to get the opportunity to work with him and benefit from his talents and abilities.

Reynie: On behalf of the entire board, I want to express our sincere appreciation for your leadership and service to the University of Arkansas System. You will be missed as a trustee, but we know you and Ann will remain just as involved as you’ve always been in serving the University of Arkansas.

Chairman Rutledge thanked the Board again referring back to his earlier Chairman’s report. There being no further business to come before the Board, upon motion by Trustee Gibson and second by Trustee Hyneman, the meeting was adjourned at 12:38 p.m.
Respectfully Submitted,

/s/

Morril Harriman, Secretary
