APPPOINTMENTS, PROMOTION, TENURE, NON-REAPPOINTMENT, AND DISMISSAL OF FACULTY

This policy supersedes all existing policies concerning appointments, promotion, tenure, non-reappointment, and dismissal of faculty. The Board of Trustees has the right to amend any portion of this policy at any time in the future.

This policy shall be included without change or inter-lineation in the Faculty Handbook for each campus.

To the extent any provision in this policy conflicts with a campus policy, this policy shall control.

I. Definition of Terms

For purposes of this policy, the following definitions shall apply:

Appointment - An appointment is a written notice ("Notice of Appointment") that initiates the employment relationship between the Board of Trustees and the faculty member. An appointment is valid only when approved and signed by the President of the University, the Chancellor of the respective campus, the Vice President for Agriculture, the Chief Executive Officer of the respective unit, or their designee, in accordance with authority delegated by the Board of Trustees. Such appointment is subject to all applicable policies of the Board of Trustees, the University of Arkansas System, and the respective campus, division or unit.

Cause - Cause is defined as conduct that demonstrates the faculty member lacks the willingness or ability to perform duties or responsibilities to the University, or that otherwise serves as a basis for disciplinary action. Pursuant to procedures set out herein or in other University or campus policies, a faculty member may be disciplined or dismissed for cause on grounds including, but not limited to, (1) unsatisfactory performance, consistent with the requirements of section V.A.9 below, concerning annual

1 In most cases, academic units are organized into colleges and departments with deans, chairpersons, and faculty. The normal order is for appointment, promotion and tenure processes to utilize this structure in making recommendations. Where colleges or departments are not present, the normal order shall follow a pattern that closely mirrors the typical structure. For example, in schools without departments, the recommendations shall start with the faculty and move to the director, if applicable, and then to the dean. For the purpose of this policy, and in reference to items involving professional librarians, instructional development specialists, or museum curators, the terms "chairperson," "administrative officer," and "administrator" refer to the director or head librarian. Throughout this policy, any reference to “chairperson” includes any equivalent position.
reviews;\(^2\) (2) professional dishonesty or plagiarism; (3) discrimination, including harassment or retaliation, prohibited by law or university policy; (4) unethical conduct related to fitness to engage in teaching, research, service/outreach and/or administration, or otherwise related to the faculty member’s employment or public employment; (5) misuse of appointment or authority to exploit others; (6) theft or intentional misuse of property; (7) incompetence or a mental incapacity that prevents a faculty member from fulfilling his or her job responsibilities; (8) job abandonment; (9) a pattern of conduct that is detrimental to the productive and efficient operation of the instructional or work environment; (10) refusal to perform reasonable duties; (11) threats or acts of violence or retaliatory conduct; or (12) violation of University policy, or state or federal law, substantially related to performance of faculty responsibilities or fitness to serve the University. Nothing in this provision is intended to inhibit expression that is protected under principles of academic freedom, or state or federal law.

Dismissal - Dismissal is severance from employment for cause after administrative due process as provided in this policy and Board of Trustees Policy 405.4. Termination by notice, expiration of appointment, or non-reappointment, or due to job abandonment, is not a dismissal.

Faculty - Faculty are employees who hold academic rank of lecturer, master lecturer, instructor, advanced instructor, senior instructor, assistant professor, associate professor, professor, University professor, distinguished professor or one of the above titles modified by clinical, research, teaching, adjunct, visiting, executive in residence, professor of practice, (e.g., clinical professor or adjunct assistant professor). Additional appropriate non-tenure track modifiers may be approved by the President. For the purposes of tenure and promotion policy and recommendations, a campus may define which faculty may participate in tenure and promotion related decisions. For example, institutions that offer tenure could limit for tenure and promotion matters the definition of faculty to tenured and tenured track faculty.

Individuals holding certain non-teaching titles (i.e. Director of Libraries, Instructional Development Specialist II, and Curator) also receive faculty rank. The rank that corresponds with each title is reflected in the chart below. Both the title and the academic rank will be stated in the appointment.

---

\(^2\) Each campus shall include criteria and procedures for determining “Unsatisfactory performance” in their campus policies governing faculty annual reviews. In order for a tenured faculty member to be dismissed for unsatisfactory performance, the requirements set out in V.A.9 as well as any corresponding campus policy must first be followed.

\(^3\) This need not be a separate component in the evaluation criteria of faculty, but may be considered in evaluating faculty in the areas of teaching, research and service. Subject to Section V, the criteria and procedures for annual reviews shall be developed and adopted by each campus.

*Academic rank will be granted only if the individual is appointed in an academic unit.

**Non-Reappointment** - Non-reappointment means that a non-tenured, tenure-track faculty member is not offered a next successive appointment for employment at the end of a stated appointment period. It is effected by a written notice sent in compliance with the time limits hereafter specified (IV.B.). This provision and the time limits specified in IV. B. do not apply to the non-renewal of an appointment of a non-tenure-track faculty member.

**Probationary Period** - The probationary period is the time a faculty member spends under appointments for full-time services in a tenure-track position on one campus of the University of Arkansas prior to being awarded tenure.

**Promotion** - Promotion is advancement based on merit to a higher rank or title. All promotions must be approved by the Board of Trustees and become effective with the next year's appointment following action of the Board of Trustees, unless a different effective date is approved by the Board.

**Resignation** - Resignation is voluntary termination of employment by an employee. The dean or director of the unit to which the employee is assigned is authorized by the Board of Trustees to accept the resignation.
**Suspension** - Suspension is temporarily relieving an employee of duties. A disciplinary suspension or suspension pending an investigation does not alter the nature of an individual’s appointment. Suspension may be with or without pay as warranted by the circumstances. If a faculty member is suspended as a disciplinary measure, the faculty member may grieve or appeal the suspension in accordance with the policies of the campus, division or unit.

**Tenure** - Tenure is the right of continuous appointment, awarded by the President to eligible members of the faculty upon successful completion by each of a probationary period. Once granted, tenure ceases to exist only by (1) dismissal for cause, as defined in section 1 and according to the procedures set forth in Section IV.C., (2) demonstrably bona fide financial exigency, (3) reduction or elimination of programs, (4) retirement, (5) resignation, or (6) job abandonment. The probationary period may be waived as provided in Section IV.A.4. Salaries for tenured faculty may be adjusted for disciplinary reasons, or based on material changes in job duties or funding sources.¹ NOTE: Tenured faculty holding positions eliminated by reduction or elimination of programs will be relocated in other academic units of the campus for which they are qualified whenever possible. A position occupied by a tenured faculty member that was eliminated as a result of reduction or elimination of a program may not be reactivated for a period of five academic years.

**Tenure-Track and Non-Tenure-Track Positions** - Tenure-track positions are ranks of assistant professor, associate professor, professor, University professor, and distinguished professor. Faculty appointed to clinical attending positions at the University of Arkansas for Medical Sciences, faculty positions designated as clinical positions⁵ at other campuses, or other non-tenure-track positions approved by the President, may bear the designation of assistant professor, associate professor, professor, University professor or distinguished professor⁶ but in no event shall be considered tenure-track positions and shall acquire no tenure rights by virtue of occupying such positions. Such non-tenure-track positions shall be set forth in applicable promotion and tenure policies approved by the President, following review by the Office of General Counsel; such policies may authorize term appointments beyond one year, but not to exceed five years, under merit-based campus procedures approved by the President. Salaries for non-tenured faculty

---

¹ Subject to all University policies, any salary reduction for tenured faculty must be preceded by notice and an opportunity to appeal the proposed reduction to the chief academic officer of the campus, division or unit.

⁵ When a faculty member who holds a tenure-track position teaches in a clinical setting, the faculty member is not holding a “clinical position” for purposes of this provision.

⁶ Solely at those institutions that do not offer tenure, the rank of University or distinguished professor may be awarded to non-tenured faculty who otherwise meet the qualifications for the rank as set out in Board Policy 470.1.
may be adjusted for disciplinary reasons, or based on material changes in job duties or funding sources.\(^7\)

**Terminal Appointment** - A terminal appointment is a final appointment, the expiration of which results in termination of an individual's employment.

**Termination** - Termination is the general term to describe severance of employment from the University. Termination may be by resignation, retirement, dismissal, written notice, non-reappointment, expiration of appointment, or job abandonment.

**Year** - Year will be either a fiscal year (July 1 through June 30 next) or an academic year (fall and spring semesters of the same fiscal year), unless otherwise designated.

## II. Appointments

### A. Faculty. The following principles shall apply to appointments to faculty positions:

#### 1. General

Appointments shall not exceed one academic or fiscal year except in the following limited circumstances: (1) term appointments beyond one year for non-tenure track faculty under merit-based procedures specifically established for that purpose as permitted in Section I (Tenure-Track and Non-Tenure Track Positions); or (2) appointments to faculty positions for summer school.

Recommendations for appointments to the faculty will be made by the departmental chairperson or equivalent after consultation with the faculty concerned, and are subject to the approval of the dean, the chief academic officer, and the chief executive officer of the campus. (See definition of appointment, Section I.)

Criteria and procedures for the initial appointment and successive appointment of all faculty members on a campus shall be adopted by each campus. As a general practice, the faculty, through its governance structure, will initiate the process, on its own or at the request of the Chancellor (or chief executive officer) of the campus. The deans and chief academic officer of the campus will then have an opportunity to give their advice regarding these criteria and procedures. Thereafter, these criteria and procedures must be submitted to the Chancellor (or chief executive officer) of the campus and the President for approval. More detailed criteria and procedures may be adopted by the campus.

---

\(^7\) Subject to all University policies, any salary reduction for tenure-track faculty or faculty with merit-based term appointments must be preceded by notice and an opportunity to appeal the proposed reduction to the chief academic officer of the campus, division or unit.
faculty and chairperson of each academic unit; these criteria and procedures must be submitted to the dean, the chief academic officer of the campus, the Chancellor (or chief executive officer) of the campus, and the President for approval. Campus and unit criteria and procedures must be consistent with and are subject to this and other applicable University policies.

2. Initial Appointment

An appropriate degree or professional experience is an essential qualification for appointment to positions at academic ranks.

Other important qualifications include experience in teaching, research, or other creative activity, and educational service at other colleges and universities or in non-academic settings.

3. Successive Appointments

Tenured faculty members have a right to a next successive appointment except for the reasons for termination of a tenured appointment given in Section I under definition of tenure. Salaries for tenured faculty may be adjusted for disciplinary reasons, or based on material changes in job duties or funding sources.\(^8\) Non-tenured faculty do not have a right to a next successive appointment, but may be offered an appointment after the expiration of a current appointment, provided that, in the case of tenure-track faculty, the appointment does not extend the time in probationary status beyond the limits set in Sections IV.A.4 and IV.A.12. In the event that a non-tenured, tenure-track faculty member is not recommended for reappointment, the procedure described in Section IV.B. shall be followed. Non-tenure-track faculty with a term appointment for a specified term of years do not have a right to an appointment beyond the appointment period.\(^9\)

B. Administrative Appointments

Consistent with longstanding policy and practice, appointments as dean are made by the chief executive officer or chief academic officer of the campus. Deans serve at the pleasure of the chief executive officer or chief academic officer. Appointments as department head or chair, or as director of an academic program or center, are made by

---

\(^8\) Subject to all University policies, any salary reduction for tenured faculty must be preceded by notice and an opportunity to appeal the proposed reduction to the chief academic officer of the campus, division or unit.

\(^9\) Subject to all University policies, nothing in this provision precludes a non-tenure-track faculty member, with a merit based, multi-year term appointment, from having a rolling appointment.
the dean, in consultation with the chief executive officer or chief academic officer, and serve at the pleasure of the dean. Additional criteria or procedures relating to the making of such appointments may be adopted by the campus, but must be submitted to the dean, the chief academic officer of the campus, the Chancellor (or chief executive officer) of the campus, and the President for approval. Tenure may only be granted in faculty status and not in an administrative appointment.

III. Promotion

Promotion in academic rank shall be based primarily on the accomplishments of the individual while in the most recent rank. No minimum time in rank is required before a faculty member is eligible for promotion, nor is there a maximum time an individual may remain in a given rank except as limited by Sections IV.A.4. and IV.A.12. However, individual accomplishments and potential for continued value to the University are required for promotion. Effective July 1, 2018, no faculty member in a tenure-track position shall be promoted to the rank of associate professor or higher without also being granted tenure. (This does not preclude a faculty member from being hired into a tenure-track position with the rank of associate professor or full professor if they satisfy the applicable criteria.)

Generally, recommendations for promotion shall originate with the chairperson, but may be initiated in accordance with departmental, unit, or campus rules, which have been submitted to the dean, chief academic officer, Chancellor (or chief executive officer) and President for approval. Faculty members who are being considered for promotion shall be given the opportunity to submit relevant material regarding their professional accomplishments, which they believe will facilitate consideration of their competence and performance. Each campus shall provide for the inclusion of peer evaluation in the consideration of faculty nominated for promotion.

Criteria and procedures for promotion to each rank on a campus, including an appeals procedure for those desiring reconsideration of a negative recommendation, shall be adopted by each campus. As a general practice, the faculty, through its governance structure, will initiate the process of preparing such criteria and procedures, on its own or at the request of the Chancellor (or chief executive officer). The deans and chief academic officer of the campus will then have an opportunity to give their advice regarding the criteria and procedures. Thereafter, these criteria and procedures must be submitted to the Chancellor (or chief executive officer) of the campus and the President for approval. More detailed criteria and procedures may be adopted by the faculty and chairperson of each academic unit; these criteria and procedures must be submitted to the dean, the chief academic officer of the campus, the Chancellor (or chief executive officer) of the campus, and the President for approval.

\[\text{10}^\text{th}\] “Peer” shall be defined by each campus as part of its policies governing promotion and tenure or faculty annual reviews.
for approval. Campus and unit criteria and procedures must be consistent with and are subject to this and other applicable University policies.

In addition to any criteria established by the campus concerning research, teaching and service, all candidates for promotion and tenure are expected to be in substantial compliance with applicable University policies and legal requirements.

IV. Tenure, Non-reappointment, and Dismissal

A. Tenure

1. The granting of tenure implies that the individual has completed successfully his or her probationary period and has become a permanent member of the University community. As such, he or she acquires additional procedural rights in the event that dismissal proceedings may be brought against him or her.

2. Only full-time faculty with ranks of associate professor, professor, University professor, and distinguished professor are eligible to be awarded tenure. An assistant professor is eligible to seek tenure accompanied by a concurrent promotion to associate professor. Faculty and other employees with the following titles are ineligible to be awarded tenure: clinical, research, teaching, adjunct, visiting, professor of practice or executive in residence faculty, research associates or research assistants, graduate associates or graduate assistants, instructors, advanced instructors, senior instructors, lecturers, and master lecturers. Faculty appointed to clinical attending positions at the University of Arkansas for Medical Sciences, other faculty positions designated as clinical positions, or other non-tenure track positions approved by the President, although designated assistant professor, associate professor or professor, are ineligible to be awarded tenure. Academic administrators not appointed to a teaching or research unit may be awarded academic rank in addition to their administrative titles, with the concurrence of the faculty and administrative officer of the academic unit in which such rank could lead to tenure, in which case they may acquire tenure as faculty, but not as administrators. Other administrators and staff whose primary duties do not involve teaching regularly scheduled credit-hour courses, but who occasionally teach courses, are not eligible for tenure and do not acquire credit for service toward tenure for such teaching activities.

3. Tenure rights apply to the area or areas of the faculty member's expertise and in the academic unit(s) in which his or her position is budgeted (examples: Department of English (not College of Arts and Sciences), UAF; School of Law, UALR; Library, UAM; Departments of Music and Education, UAPB). Tenure rights are confined to a particular campus and are not applicable on another campus of the University of Arkansas. Tenure and tenure rights are not awarded
in a named or endowed chair or professorship or in any administrative appointment.

4. The probationary period may not extend beyond seven years, except as specifically provided herein, or as otherwise required by law. An initial appointment of one-half year (academic or fiscal) or less will not be included in the probationary period. If more than one-half of any year is spent in approved leave of absence without pay status, that year shall not apply toward the probationary period.

During the first six years of the probationary period, a tenure-track faculty member may request, for reasons set forth below, that the probationary period be suspended by one (1) year. The reasons for such a request will generally be the same as required under the Family and Medical Leave Act (FMLA), as amended, and are as follows: (a) the birth of a child to the faculty member or spouse and the child’s care during the first year; (b) the adoption of a child by the faculty member or placement in the faculty member's home of a foster child within the first year of placement; (c) the care of the faculty member's spouse, child, or parent with a serious health condition; (d) the serious health condition of the faculty member that makes the faculty member unable to perform the functions of his or her job; (e) a qualifying exigency arising from the military deployment of an employee’s spouse, son, daughter, or parent to a foreign country; (f) to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member.

On the rare occasion that an additional one-year extension is requested, such requests will be considered on a case-by-case basis. However, the faculty member will receive any leave to which he or she is entitled under the FMLA.

A request to suspend the probationary period for these reasons must be made at the time of the qualifying event and shall first be directed in writing to the department chair for approval and must also be approved by the dean (or approved through other established administrative channels), the vice chancellor for academic affairs, the Chancellor (or chief executive officer) of the campus, and the president, under such procedures as the president shall approve. These procedures may include, but shall not be limited to, the manner in which the faculty member's duties and salary, if any, are determined during such year, the information which is required to substantiate a request and the extent to which a faculty member's performance during such year may be considered in awarding tenure. A faculty member who has been notified that he or she will not be reappointed may not subsequently request to suspend the probationary period under this policy.
5. Upon the recommendation of the department chair\textsuperscript{11}, after consultation with the departmental faculty and with concurrence of the dean, the vice chancellor for academic affairs, and the Chancellor (or the chief executive officer), new appointees at the rank of associate professor, professor, University professor, or distinguished professor, who possess the requisite qualifications, may be granted immediate tenure. Immediate faculty tenure may also be granted, under this same procedure, in connection with the hiring of senior leadership positions.

6. Generally, recommendations for tenure shall originate with the chairpersons, but may be initiated as provided for in departmental, unit or campus rules, which have been submitted to the dean, chief academic officer, Chancellor (or chief executive officer) and President for approval. Faculty members who are in tenure-track positions who are being considered for tenure shall be given the opportunity to submit relevant material documenting his or her professional performance which they believe will facilitate consideration of their accomplishments and potential.

7. Criteria and procedures concerning the awarding of tenure on a campus, including an appeals procedure for those desiring reconsideration of a negative recommendation, shall be adopted by each campus. As a general practice, the faculty, through its governance structure, will initiate the process of preparing such criteria and procedures, on its own or at the request of the Chancellor (or chief executive officer) of the campus. The deans and chief academic officer of the campus will then have an opportunity to give their advice regarding these criteria and procedures. Thereafter, these criteria and procedures must be submitted to the Chancellor or chief executive officer of the campus and the President for approval. More detailed criteria and procedures may be adopted by the faculty and chairperson of each academic unit; these criteria and procedures must be submitted to the dean, the chief academic officer of the campus, the Chancellor (or chief executive officer) of the campus, and the President for approval. Campus and unit criteria and procedures must be consistent with and are subject to this and other applicable University policies.

8. The President will not consider awarding tenure to a faculty member in a probationary status without obtaining the prior recommendation of the faculty member's departmental faculty, chairperson, dean, chief academic officer, and the Chancellor (or chief executive officer) of the campus concerned.

9. A faculty member, on attaining tenure, shall receive a notice from the chief executive officer of the campus affirming the acquisition of such rights. No person shall lose tenure rights by acceptance of leave-of-absence approved

\textsuperscript{11} In Schools without departments and department chairs, refer to footnote 1.
pursuant to University policy, or by appointment to a University of Arkansas administrative position.

10. Tenure becomes effective at the beginning of the nine- or twelve-month appointment period following the President's action granting tenure (July 1 for twelve-month appointments, and the beginning of fall semester for nine-month appointments).

11. Each year at the meeting at which promotions are considered by the Board of Trustees, the President shall inform the Board of the names of each person awarded tenure during the preceding twelve months, and shall indicate for each such individual the recommended rank for promotion and the faculty member's academic discipline.

12. Subject to any extension of the probationary period under IV.A.4, an individual in a tenure-track position who was not awarded tenure with any of the first six academic year or fiscal year appointments must be evaluated as specified in Section IV.A.6 and 7 during the sixth appointment. If he or she is not approved for tenure, the seventh appointment shall be a terminal appointment and the individual may not be considered for tenure during the seventh appointment.

13. A faculty member holding tenure rights may be dismissed for cause only after the procedures prescribed in Section IV.C. have been followed. Provided the requirements set out in V.B.9 as well as any corresponding campus policy have been satisfied, a tenured person notified of dismissal for reasons of unsatisfactory performance will be given notice of dismissal twelve months prior to termination of employment. Dismissal on other grounds may be immediate (if the dismissal is not contested by the faculty member) or upon the conclusion of any procedures prescribed in Section IV.C. This provision does not create an award of severance pay, but assumes the full performance of University responsibilities and duties assigned for the period between dismissal notice and final termination. Termination of a faculty member's employment because the faculty member has abandoned his or her job duties, or because the faculty member has accepted another position, shall not constitute dismissal under this policy.

14. No faculty member shall be dismissed, or otherwise disciplined, or denied reappointment in violation of the following principles of academic freedom, but the observation of the limitations stated herein is the responsibility of each faculty or staff member. Subject to all provisions of this and other applicable University policies, mere expressions of opinions related to the faculty member's scholarship, the subject matter of their assigned teaching duties, and University employment-related service activities (e.g. committee assignments and campus governance activities), however vehemently expressed and however controversial
such opinions may be, shall not constitute cause for dismissal. The threat of
dismissal will not be used to restrain faculty members in their exercise of
academic freedom or constitutional rights.

a. The faculty member is entitled to full freedom in research and in the
publication of results, subject to the performance of his or her other academic
duties, but personal research for pecuniary return requires prior approval by
the appropriate University authorities and must be in accordance with Board
Policy 450.1.

b. The faculty member is entitled to freedom in the classroom in discussing the
subject of the course, but should not teach material inappropriate or unrelated
to the course, and should maintain a respectful and professional academic
learning environment.

c. The University faculty member is a citizen, a member of a learned
profession, and a member of an educational community. Speaking or writing
as a citizen, the faculty member is free from institutional censorship or
discipline. However, as a person of learning and as a member of an
educational community, the faculty member has a responsibility for
awareness that the public may judge the profession and the institution by his
or her utterances. Hence, faculty should at all times make an effort to be
accurate, exercise good judgment and appropriate restraint, show respect for
the opinions of others, and indicate that they are not spokespersons for the
institution. Faculty are expected to contribute to the productive and efficient
operation of the instructional and work environment.

B. Non-Reappointment

These procedures apply to non-tenured faculty members who are in tenure-track
positions who are not offered a next successive appointment for the period following
the expiration of a current appointment. These procedures do not apply to faculty in
clinical attending positions at the University of Arkansas for Medical Sciences bearing
the designation of assistant professor, associate professor or professor, other clinical
faculty, or other non-tenure-track faculty.

The appointment of a non-tenured, tenure-track faculty member may be terminated
effective at the end of the appointment period, at the option of either the individual or
the University.

A chairperson, dean, or chief academic officer who decides not to recommend a non-
tenured, tenure-track faculty member for reappointment shall notify him or her in
writing in accordance with the following schedule and shall enclose a copy of this section with the letter of non-reappointment:

For the first year of service, not later than March 1, if the appointment expires at the end of that academic year; or at least three months in advance of its termination if the appointment expires at some other time during the year.

For the second year of service, not later than December 15, if the appointment expires at the end of that academic year; or at least six months in advance of its termination if an appointment expires at some other time during the year.

After the second year of service, at least twelve months before the expiration of the terminal appointment. The terminal appointment will be for the academic or fiscal year, according to the appointment last held by the individual.

The individual, upon being notified that he or she will not be reappointed, may request, within ten working days after receipt of the notice, a meeting with the dean of the school or college, or other appropriate administrators. The meeting shall be held within five working days or as soon as practical thereafter. Following the meeting with the dean, if the dean reaffirms the recommendation of non-reappointment, within five working days the employee may request a meeting with the chief academic officer of the campus.12 Within ten working days following the meeting with the chief academic officer, or as soon as possible thereafter, the chief academic officer will make the final decision on any request that the non-reappointment be reconsidered.

In considering the matter, the dean and chief academic officer may consult with other University employees with relevant knowledge regarding the individual’s performance. If the individual does not request these interviews within the time limits stated above after receipt of notification of non-reappointment, the matter shall be considered closed.

C. Dismissal

This section applies to all tenure-track or tenured faculty members. Dismissal of non-tenure-track faculty and other personnel is addressed in Board of Trustees Policy 405.4.

12 For purposes of the Clinton School of Public Service, the employee may request a meeting with the Vice President of Academic Affairs.
1. Preliminary Proceedings

a. Except in circumstances where there are personal safety concerns and consistent with applicable law, when a chairperson or dean has reason to consider a decision to dismiss a tenured or tenure-track faculty member prior to the expiration of an appointment, the chairperson or dean shall first discuss the matter with the faculty member privately. After the discussion, if the decision of the chairperson or dean is to recommend dismissal, he or she shall prepare a statement of the grounds constituting the cause for dismissal and forward it through the chief academic officer\textsuperscript{13} to the chief executive officer on the campus, with a copy to the faculty member. If there are personal safety concerns, the private meeting can be bypassed and the chairperson or dean can proceed with providing the statement of grounds for dismissal through the chief academic officer to the chief executive officer on campus, with a copy to the faculty member. If the chief executive officer of the campus, after considering the recommendation of the chairperson or dean, decides that a proceeding should be undertaken, action shall be commenced according to the procedures which follow.

b. If requested by either party, or if directed by the chief executive officer of the campus, prior to further steps in the process, the parties shall engage in informal discussions to determine whether an acceptable resolution of the matter is possible. Such discussions may include assistance of one or more faculty selected for this purpose.

2. Hearing Procedures

The formal proceedings shall be initiated by a communication addressed to the individual by the chief executive officer of the campus informing him or her of the dismissal and the grounds for it, and that, if he or she so requests, a hearing to recommend whether his or her employment by the University shall be terminated on the grounds stated, will be conducted at a specified time and place by a faculty committee constituted as described in Section 4 below. Sufficient time shall be allowed to permit the individual to prepare a defense. The individual shall be informed in detail, or by reference to published regulations, of the procedural rights to which he or she is entitled, including the right to advice of counsel.

The individual shall indicate whether he or she wishes a hearing and, if so, shall file with the chief executive officer of the campus within two weeks of the date of

\textsuperscript{13} For purposes of the Clinton School of Public Service, the statement of grounds shall go directly to chief executive officer of the campus, with a copy to the faculty member.
the mailing of the communication by the chief executive officer of the campus an
answer to the statement of grounds for the proposed dismissal.

If the individual does not request a hearing, no further action shall be taken. Further, at the request of the individual the proceedings provided for herein may
be terminated at any time after the request for a hearing on written notice to the
chief executive officer of the employee's acquiescence in the dismissal. Similarly,
the administration may drop dismissal proceedings at any stage.

3. Suspension Pending Dismissal Proceedings

Suspension of the individual from normal duties or reassignment to other duties
during the proceedings will occur only if circumstances exist which threaten harm
or substantial disruption to the individual, to others, or to the University. Such
determination shall be made by the chief executive officer, in consultation with
the President. Such suspension shall be with pay. This provision does not
preclude disciplinary suspension without pay.

4. Hearing Committee

The faculty of each campus shall establish a systematically rotated panel of
faculty from which hearing committees can be drawn. To hear a particular case a
committee, selected from the panel in accordance with campus policies, shall be
composed of faculty members of departments not involved in the dismissal.

Upon receipt from the chief executive officer of the campus of a copy of the
statement of grounds for dismissal, accompanied by the individual's answer
thereto, the chairperson of the hearing committee shall conduct hearings and
recommend a course of action as provided in Section IV.C.5.

5. Committee Proceedings

The committee shall proceed by considering, before the time of the hearing, the
statement of grounds for dismissal already formulated and the individual's written
response.

In addition to the members of the committee, only the person requesting the
hearing and his or her representative, the chief executive officer of the campus or
his or her designee, and a representative, and witnesses called by the committee
are permitted to attend the hearing.

Charges contained in the initially formulated statement of grounds for dismissal
may be supplemented at the hearing by evidence of new events occurring after the
initial communication to the individual which constitute new or additional cause
for dismissal. If such supplementary grounds are adduced, the committee shall provide the individual with sufficient time to prepare his or her defense.

The chief executive officer of the campus shall have the option to attend or not to attend the hearing, and he or she may select a designee to assist in developing and presenting the case. The chief executive officer or designee may be assisted by the representative in developing and presenting the case and in other matters related to the hearing.

The committee shall determine the order of proof and shall supervise the questioning of witnesses. The committee may decline to accept unnecessarily duplicative material or unduly lengthy or repetitive testimony.

The individual shall have the aid of the committee when needed in securing the attendance of witnesses. The individual or his or her representative and the chief executive officer of the campus (or designee) or his or her representative shall have the right within reasonable limits to question all witnesses who testify orally.

The committee will use its best efforts to provide an opportunity for those involved to confront all witnesses, but where this cannot be achieved despite the efforts of the hearing committee, the identity of such non-appearing witnesses, and any written evidence they may have furnished, shall be disclosed to all interested parties during the hearing.

Subject to these safeguards, written statements may, when necessary, be taken outside the hearing and reported to it. All of the evidence shall be duly recorded. These are not legal proceedings and formal rules of court procedure or evidence do not apply, but the committee shall exercise reasonable efforts to protect the rights of the parties in the receipt of evidence. For purposes of illustration, the proceedings shall be recorded digitally rather than via court reporter, and witnesses will not be sworn or subpoenaed. The ultimate objective of the hearing is consideration of the matter in a fair and efficient manner.

6. Consideration by Hearing Committee

The committee shall formulate its recommendation in private, on the basis of the hearing. Before doing so, it shall give opportunity to the individual and the chief executive officer of the campus or his or her designated representative to make oral statements before it. If written arguments are desired, the committee may request them. The committee shall make its recommendation promptly, including explicit findings with respect to each of the grounds for removal presented.
The chief executive officer of the campus and the individual shall be notified of the recommendation in writing and a copy of the record of the hearing shall be available to both parties.

A copy of the record of the hearing and the recommendations of the hearing committee shall be furnished to the President of the University for his or her decision. The decision of the President shall be transmitted to the chief executive officer of the campus and to the individual involved.

7. Consideration by Board of Trustees

If the decision of the President is appealed to the Board of Trustees, or if the Board of Trustees chooses to review the case, the President shall transmit to the Board of Trustees the full report of the hearing committee, stating its recommendation and his or own decision. The review shall be based on the record of the previous hearing, accompanied by opportunity for argument, oral or written or both, by the principals at the hearing or by their representatives. The decision of the Board of Trustees on review shall be final. It shall be communicated to the President and through him or her to the person involved.

If the decision of the Board is that the faculty member is to be terminated, and the termination is based on unsatisfactory performance, the termination becomes effective at the conclusion of the twelve-month period from the date of the initial notice of termination. If that period has elapsed, or if the termination is based on other grounds of cause, the termination becomes effectively immediately following the Board’s decision.

V. Annual Review

An annual review of the work and status of each faculty member shall be made on the basis of assigned duties and according to criteria and procedures required herein. Each year the chief academic officer of each campus shall (a) require of each chairperson an assessment of the performance of all faculty members in the academic unit, including an identification of all faculty development needs and of all problems in performance of faculty, and (b) in consultation with the Chancellor (or chief executive officer), take steps designed to insure compliance on that campus with all criteria and procedures for annual reviews.

A. Tenured and Tenure-Track Faculty

Provided a faculty member is in substantial compliance with applicable University policies and legal requirements, the annual review of each faculty member shall provide the primary basis for the chairperson’s recommendations relating to salary, promotion, granting of tenure, successive appointment, non-reappointment, and dismissal. Furthermore, this review is to provide guidance and assistance to all faculty
in their professional development and academic responsibilities in the areas of teaching, scholarly and creative activity, and service.

Criteria and procedures for an annual review of all tenured and tenure-track faculty shall be adopted by each campus. As a general practice, the faculty, through its governance structure, will initiate the process of preparing such criteria and procedures, on its own or at the request of the Chancellor (or chief executive officer) of the campus. The deans and chief academic officer of the campus will then have an opportunity to give their advice regarding these criteria and procedures. Thereafter, the criteria and procedures must be submitted to the Chancellor (or chief executive officer) of the campus and the President for approval. More detailed criteria and procedures may be recommended by the faculty and chairperson of each academic unit; these criteria and procedures must be submitted to the dean, the chief academic officer of the campus, the Chancellor (or chief executive officer) of the campus, and the President for approval. All procedures for annual reviews adopted by a campus shall include provision for and details for implementation of the following:

1. Within a reasonable time after the beginning of the first appointment of each faculty member: written notification to the faculty member of the criteria, procedures, and instruments currently in use in assessing performance;

2. Within a reasonable time after the beginning of each academic year: written notification to each faculty member of that year's assignments, review schedule, and the criteria, procedures, and instruments to be used that year;

3. Reasonable opportunity for each faculty member to submit any relevant material documenting his or her professional performance to be considered in the annual review;

4. Peer evaluation, made fully available to the faculty member and those conducting the review;

5. Student evaluation of teaching, made fully available to the faculty member and those conducting the review;

6. Prior to the chairperson's completion of the annual evaluation (including any recommendations based on the evaluation) in any year: (a) a meeting between the chairperson and faculty member to discuss all issues relating to the review,\(^\text{14}\) (b) providing to that faculty member a copy of the chairperson's intended evaluation and recommendation(s), and (c) a reasonable opportunity for the faculty member

\(^{14}\) In the case of a tenured faculty member who has a satisfactory performance evaluation, a faculty member can waive the meeting requirement.
to submit a written response to the annual evaluation (including any recommendations), which will to be forwarded to each subsequent level of review;

7. As long as a faculty member is employed by the University and for at least three years thereafter: maintenance of annual review forms, recommendations, associated narratives, and all other relevant materials used in or resulting from the annual reviews of that faculty member;

8. Availability to each faculty member of all writings used in or resulting from the annual reviews of that faculty member.

9. In order to maintain a high quality and productive educational environment, annual review procedures adopted at the campus level must provide for prompt, meaningful and effective means of addressing unsatisfactory faculty performance. Effective July 1, 2019, campus procedures shall require that any tenured faculty member who receives an overall unsatisfactory performance rating\(^\text{15}\) be placed on a remediation plan. The remediation plan shall be developed by the faculty member’s academic unit in consultation with the faculty member and shall include remedial measures designed to address the overall performance deficiencies, with the expectation that carrying out the plan will lead to an overall satisfactory performance rating. If, in the next annual review following an overall unsatisfactory performance rating, the faculty member fails either to attain an overall satisfactory performance rating or to demonstrate meaningful progress in remediating the overall performance deficiencies, the faculty member may be issued a notice of dismissal on twelve months’ notice as provided for in this policy, and subject to the procedures contained in Section IV.C.

B. Non-Tenure-Track Faculty

Faculty who are not in tenure-track positions shall be evaluated by procedures adopted by each campus. Such procedures shall provide guidance and assistance to faculty in their professional development and academic responsibilities. To the extent applicable and as fully as practicable, the criteria referenced in V. A. (especially with regard to peer and student evaluations) should be utilized in developing such campus procedures. Any campus procedure developed must be submitted to the Chancellor (or chief executive officer) of the campus and to the President for approval.

\(^{15}\) As part of its criteria and procedures for annual review, each campus is responsible for establishing the criteria by which an “overall” performance rating is determined.
