**2020**

**FOR THE FISCAL YEAR ENDING JUNE 30, 2020**

**CAMPUS BUDGETS**

# University of Arkansas System

## FY20 Budgets

The budgets for FY20 from all campuses and divisions are submitted for your review and approval. The tuition and fee increases, as well as internal reallocations, will allow campuses to incorporate the Board of Trustees' priorities of competitive salaries for faculty and increased student retention and graduation rates into the budgets.

The budget format is consistent with the annual Statement of Revenues, Expenses, and Changes in Net Position (SRECNP), which is presented in the year-end consolidated financial report, and consists of all funds that are received by the university. The only difference in the two presentations is that the budget splits the report into the following funds:

- Unrestricted also called Educational and General (E&G) –This fund represents the operations related to the educational mission of the university, including instruction, research, public service, academic support, student services, institutional support and operation and maintenance of the physical plant. Tuition, fees and state appropriations represent the majority of the sources of funds. This is also where the clinical revenues for UAMS are recorded. These exceed all other operating revenues of the System.
- Auxiliary – An auxiliary enterprise furnishes goods or services to students, faculty and staff, other institutional departments, and to some degree the general public for a fee related to the cost of the service. Auxiliary enterprises are expected to be self-supporting. Examples include athletics, residence halls, dining, and bookstores.
- Restricted – This fund includes resources that subject the university to externally-imposed restrictions such as grants, contracts, private scholarships, and student assistance programs such as Pell and the state lottery program.
- Plant – There are four components to this fund: Debt Service, Repair and Replacement, Unexpended and Net Investment in Plant. Principal and interest payments are transferred during the year from either E&G or Auxiliary funds and payments are then made to the bond trustee from the Debt Service fund. The Debt Service fund can also, along with the Repair and Replacement fund, contain restricted balances such as amounts held in reserve in accordance with externally imposed bond indentures. The Unexpended fund may include both restricted balances such as General Improvement Funds and unspent bond proceeds, and unrestricted balances such as reserves set aside by management for capital needs. Net Investment in Plant includes capitalized assets less depreciation and capital asset related debt.
- Other – This fund could include accounts such as loan funds, designated funds and endowments.

'Operating losses' in E&G are of little significance since the Governmental Accounting Standards Board (GASB) requires a significant portion of revenues (state appropriations, gifts, and some grants and contracts) to be reported as 'non-operating' while the associated expenses are shown as 'operating'.

Amounts budgeted as revenues and expenses are estimates that reflect anticipated plans. However, the dynamic nature of our institutions results in changes during the year. As these changes in the budget assumptions occur, campuses and units may make significant budget adjustments to reflect those changes. However, any proposed cumulative material adjustments as outlined in Board Policy 370.1, must be submitted to the President for review and approval. All budget adjustments will be explained in the quarterly reporting by the campuses and units.

# **Arkansas Archeological Survey**

**ARKANSAS ARCHEOLOGICAL SURVEY**  
**BUDGET DISCUSSION FY 2019-2020**

**INTRODUCTION**

The Arkansas Archeological Survey is a unit of the University of Arkansas System. We operate a statewide program of archeological research, preservation, education, and public service. Ten research stations are strategically distributed across the state. The Coordinating Office is located on the University of Arkansas campus in Fayetteville.

Research station archeologists conduct basic archeological research and provide assistance to citizens of Arkansas, to state and federal agencies, and to descendent communities including African Americans and Native Americans with ancestral ties to Arkansas. Eight research stations are located on university campuses (UAF, UAPB, UAM, UAFS, WRI, HSU, ASU, and SAU), where the archeologists teach courses. Two others are located at Toltec Mounds and Parkin Archeological State Parks. The Survey's Coordinating Office in Fayetteville houses the administrative offices, the State Archeologist's office, the Registrar's office, Computer Services, Sponsored Research Program, and the Publications Office. Survey administrative staff includes the Director, the Assistant Director for Financial Affairs, an administrative secretary, and an accounting technician. The Survey has 38 employees statewide.

**BUDGET CONSIDERATIONS**

**Salaries:** A few employees will receive modest salary increases (ranging from 2.0–5.6%, plus one salary rectification at 21%) due to changes in personnel classifications, significant expansion of responsibilities, or significant achievement. We hope to provide others with a 2% salary increase funded by savings due to retirement of senior staff members replaced by new staff members at lower salary levels. Fringe benefits will decrease 1.46% from fiscal year 2018-2019.

**Maintenance:** We are allocating \$180,124 from the appropriation for basic expenditures such as utilities and building maintenance, vehicle insurance, in-state and out-of-state travel, supplies, equipment, and other expenses. This figure represents a modest increase (12%) above the amount budgeted for fiscal year 2018-2019, which was only 66% of the amount budgeted for FY 2017-2018.

**DISCUSSION**

Salary levels for Survey professional staff remain significantly lower (~75%) than comparable salary levels at the University of Arkansas-Fayetteville, but our employees remain grateful for continuing appropriations in economically challenging times. We are all thankful for jobs that allow us to help study and preserve cultural resources, and provide educational materials on our state's rich and fascinating history. Colleagues in other states praise our ability to maintain high levels of productivity despite constraints imposed by limited resources. Survey employees are extremely dedicated and, despite the lack of funds for salary increases and decreasing

**ARKANSAS ARCHEOLOGICAL SURVEY**  
**BUDGET DISCUSSION FY 2019-2020**

operational funds, they continue to provide high quality service to the people of Arkansas. Nonetheless, annual declines in maintenance budgets due to a combination of prolonged flat funding and our attempt to provide exemplary staff members with very modest salary increases constrains our ability to provide services to numerous interest groups.

**SUMMARY**

The Arkansas Archeological Survey operates a nationally recognized program of archeological research, preservation, education, and public service. We accomplish our mission by working closely with stakeholders, including the Arkansas Archeological Society, a statewide amateur organization. The Survey also works cooperatively with the Department of Arkansas Heritage, Arkansas State Parks and Tourism, Arkansas Game and Fish Commission, Arkansas Natural Heritage Commission, and the Arkansas Department of Transportation. We provide essential services and expertise to descendant communities including African Americans and many of the Indian tribes that formally resided in Arkansas, including the Quapaw, Osage, Caddo, Tunica, Choctaw, and Cherokee nations.

The Survey has a national and international reputation as a pioneer in the use of near-surface remote sensing technologies. These technologies enable us to detect buried remains of prehistoric and historic palisades, houses, hearths, and graves. These technologies are also used to locate unmarked graves in contemporary cemeteries. The Survey provides these services to local communities, the FBI, and state and local law enforcement personnel as requested. The Survey receives far more requests for remote sensing than we can provide with existing resources.

We have also implemented a program in 3D scanning, including collaboration with University of Arkansas faculty and staff on micro-computer tomography ( $\mu$ CT) imaging. This enables us to produce highly accurate 3D models of select objects (including objects in the University of Arkansas Museum collections) for long-term archival preservation.

The Survey's cooperative program with the Arkansas Archeological Society provides interested citizens and life-long learners an opportunity to participate in state-of-the-art archeological projects across the state. The Survey is nationally recognized for providing well-organized opportunities for amateurs to participate in science-based educational programs.

Finally, the Survey produces a variety of resources for Arkansas schoolteachers and students, including class presentations and workshops, lesson plans, handouts, interactive websites, and books and pamphlets for general audiences. Our contribution to public education programs increases annually, as a result of our own initiatives as well as increased requests for services from the educational community.

# **Criminal Justice Institute**

**CRIMINAL JUSTICE INSTITUTE  
BUDGET SUMMARY  
FOR THE FISCAL YEAR ENDING JUNE 30, 2020**

**MISSION:**

The Criminal Justice Institute (CJI) is an educational entity that provides advanced training, services, and educational opportunities designed to enhance the professionalism and proficiency of police officers and deputies in Arkansas. As a division of the University of Arkansas System, the Institute delivers advanced training in progressive areas of policing including leadership and management, forensic sciences, computer applications, illicit drug investigations, and school, traffic and officer safety. CJI is committed to designing, enhancing, and implementing curricula that meet the unique and dynamic challenges of Arkansas law enforcement professionals, particularly those who serve rural communities. Utilizing online strategies and through collaboration with 22 other Arkansas higher education institutions, CJI works diligently to ensure accessibility of education and training for law enforcement professionals throughout the State.

**ESTIMATED REVENUES:**

Operating Revenues for fiscal year 2020 are projected to be \$3,662,356 which includes \$5,000 from out of state student fees, \$190,000 from the Law Enforcement Membership Program, \$3,079,136 from state and federal grants as well as \$388,220 from Indirect costs earned on state and federal grants.

Non-Operating Revenues for fiscal year 2020 are projected to be \$1,858,633 from State general revenues.

**BUDGET ALLOCATIONS:**

All Revenues to be received are budgeted in the Compensation and Benefits and Supplies and Services categories. Also included in the Compensation and Benefits and Supplies and Services budget allocations for fiscal year 2020 is \$380,149 representing funding from the Office of the Attorney General, the Arkansas Governor's Office as well as Special State Assets Forfeiture Funds, all of which was received in previous fiscal years.

Plant Funds from previous year carryovers in the amount of \$200,781 are also included in the budget allocations.

No funds are budgeted for capital outlay expenditures.

# **Division of Agriculture**

EXECUTIVE SUMMARY  
UNIVERSITY OF ARKANSAS SYSTEM DIVISION OF AGRICULTURE  
For the Budget Year Ending June 30, 2020

*Mission and Organization:*

As a land grant institution, the mission of the University of Arkansas System Division of Agriculture (Division) is to strengthen agriculture, communities and families by connecting trusted research to the adoption of best practices. This mission makes the Division unique in the overall scheme of higher education in Arkansas. The University of Arkansas System Division of Agriculture is composed of the Agricultural Experiment Station (Station) and the Cooperative Extension Service (Extension) and has the basic mission of discovery of knowledge through research and helping Arkansans put that knowledge to work in their daily lives through extension education. Through its programs, the Division reaches out into all 75 counties and touches nearly every citizen in the state.

The Agricultural Experiment Station is the primary research support agency for Arkansas farmers, food processors and related industries. In addition to focusing on efficiencies in agricultural production and processing, research topics include issues that impact the families, communities and natural resources associated with Arkansas agriculture and related enterprises. The Station is composed of 24 organizational units: 11 academic departments on the Fayetteville campus, the forestry program at UA-Monticello, the cooperative UA-ASU program at Arkansas State University in Jonesboro, five research and extension centers, and seven branch stations. In addition, the Veterinary Diagnostic Lab is part of the University of Arkansas System Division of Agriculture, Agricultural Experiment Station.

The Cooperative Extension Service carries out the public service portion of the land-grant mission of the University of Arkansas System Division of Agriculture, providing life-long learning opportunities to meet the needs of Arkansas citizens at the local level. The Extension offers invaluable service to the State's farmers and gardeners through its diagnostic laboratories and soil test analysis services. Extension offers education in the areas of agriculture and family and consumer sciences, including health and wellness, aging, family life, family and consumer economics, nutrition and food safety, and leadership. Extension also plays a major role in promoting opportunities for Arkansas youth through its 100+ year-old Arkansas 4-H program. Additionally, the University of Arkansas System Division of Agriculture, Cooperative Extension Service provides community and economic development and policy research and education programs throughout the state. Important Extension units supporting these efforts include the Public Policy Center and Arkansas Procurement Assistance Center (APAC).

EXECUTIVE SUMMARY  
UNIVERSITY OF ARKANSAS SYSTEM DIVISION OF AGRICULTURE  
For the Budget Year Ending June 30, 2020

Revenues:

The Division receives its operating and non-operating revenue from State and Federal Appropriations, County Appropriations, Sales and Services of Educational Activities and Other Income. The federal, state and county appropriations for the Division had been basically flat since 2008. For fiscal year 2019-20, however, E&G State Appropriation Revenue from the Revenue Stabilization Act (RSA) increased by 1.75% due to an increase to the base funds of \$1.1 million. In addition, one-time funds from the Governor's Rainy Day Fund have been appropriated and funded in the RSA of \$1.9 million. Funding from the RSA, Educational Excellence Trust Fund and Tobacco Settlement funds (supporting the Arkansas Biosciences Institute) comprises approximately 52.4% of the budgeted revenues. The percentages for the remainder of total budgeted revenue are Grants and Contracts 18.8%, Federal and Country Appropriations 12.8%, Sales and Services of Educational Departments 8.9% and Gifts, Investment and Other Income at 7.1%.

Budget Allocations:

Compensation and Benefits comprise 68.9% of total budget expenditures, with Supplies and Services accounting for another 25.7% and Depreciation 5.3%. This is relatively unchanged from the FY2018-19 budget.

Mark J. Cochran  
Vice President for Agriculture

- **University of Arkansas, Fayetteville**

# UNIVERSITY OF ARKANSAS – FAYETTEVILLE

## FY20 BUDGET NARRATIVE

### Tuition and Fee Increase:

- Overall increases of 2.80% for Resident tuition and mandatory fees (including a 2.5% increase in tuition and \$2.37 per credit hour in fees) and 2.80% for Non-Resident tuition and mandatory fees (including a 2.71% increase in tuition and \$2.37 per credit hour in fees).

### Summary for the Board book:

The University has continued its conservative budgeting approach in FY 20, basing its tuition and fee revenue estimates on an overall slight reduction in anticipated student credit hours taken at both the undergraduate and graduate levels.

The proposed increases in tuition and fee rates (2.80% for residents and non-residents) will more than offset these budgeted credit hour reductions and when combined with the continued anticipated growth in revenues from tuition differentials, program specific charges, research, online programs, and increased performance funding the University anticipates roughly \$11 million in new revenues for FY20. These new revenues will be combined with just over \$1.1 million in administrative budget reallocations to provide \$12.1 million in total funding available to support the University's mission.

These available funds will support compensation increases of \$6.3 million, which includes compliance with the new minimum wage law as well as the new Classified Pay Plan requirements. Roughly \$4.9 million will be allocated to Academic programs, student scholarships, and student success initiatives (of which just over \$1.5 million is funded by State supported one-time performance funding). The remaining \$.9 million will be allocated primarily to facilities support on the Fayetteville campus (\$.76 million) and other University support (\$.15 million).

**University of Arkansas at Fort Smith**

**UNIVERSITY OF ARKANSAS – FORT SMITH**  
**FY 2020 OPERATING BUDGET**  
**EXECUTIVE SUMMARY**

UAFS in FY20 will welcome the first cohorts of students in its new Tuition Promise program, its Adult Degree Completion Program, and its second Master’s degree program. Additionally, the accelerated BSN and Unmanned Aerial Systems (UAS) programs will enter their second year. UAFS will also continue to focus on student success with the launch of its new first-year advising center and the Plan It Forward effort, which is designed to assist students who are financially unprepared for the fall term with planning that will assist them in enrolling for a future term.

Although UAFS sees great potential in the many initiatives mentioned above, the campus recognizes that it takes time to build traction. In light of this, along with persistent enrollment declines (excluding concurrent students), demographic challenges, intensifying competition for students, and its status as a campus in transition, UAFS is taking a cautious approach to its FY20 budget in an effort to be conservatively positioned, if necessary, for further declines. If declines in core enrollments are less severe, as it is hoped they will be, the campus will also be positioned to take advantage of opportunities that new leadership may wish to pursue.

Further details of the FY20 budget are provided below.

## **BUDGETED REVENUES**

### **Education and General – Unrestricted**

The FY20 budget for unrestricted education and general revenue totals \$60,911,792 for both operating and non-operating revenue, net of institutional scholarships of \$4,606,676.

**Student Tuition & Fee Changes:** Undergraduate in-state tuition increases by 2.8% for FY20. Mandatory fees change as follows:

- The Registration Fee increases by \$5.00 from \$26.00 to \$31.00 to offset the elimination of the Undergraduate Graduation Fee. The Athletic Fee increases by \$1.00 from \$17.00 to \$18.00 to cover the higher cost of travel associated with the move from the Heartland Conference to the LoneStar Conference. The Technology Fee increases \$.50 from \$15.00 to \$15.50 to supplement the annual growth of software licensing and maintenance costs. The Facility Fee increases \$.50 to \$4.25 from \$3.75 due to growing critical deferred maintenance needs. In total, mandatory fees increase 3.3% for undergraduates.
- Annual tuition and mandatory fees for in-state undergraduate students moves from \$7,127.50 to \$7,338.50, a 2.96% overall increase.

**UNIVERSITY OF ARKANSAS – FORT SMITH**  
**FY 2020 OPERATING BUDGET**  
**EXECUTIVE SUMMARY**

**Enrollment Assumption:** The FY20 budget is based on a decrease of 324 FTE students. An admittedly conservative assumption, the many contributing factors cited in the introductory comments make it a prudent one, as well. Gross tuition and fee revenue is projected at \$33,795,071.

**Non-governmental Grants and Contracts:** This revenue line is projected at \$531,600 for FY20, down from \$915,338 in FY19.

**Sales/Services of Educational Departments:** Sales and services revenue is budgeted at \$319,110 for FY20, which is an increase of \$33,020 from the FY19 budget.

**Other Operating Revenues:** The other operating revenues for FY20 are budgeted at \$538,800, a decrease of \$186,200 from the prior year projection.

**State Appropriations:** State appropriations budgeted for FY20 of \$24,058,887 are based upon the latest forecast.

**Sales Tax Revenue:** The ¼ cent sales and use tax implemented in Sebastian County on January 1, 2002, shows an increase of \$11,012 for FY20 based on current year revenues received.

**Auxiliary**

The FY20 budget for auxiliary revenue totals \$9,948,636 for both operating and non-operating revenue, net of institutional scholarships of \$1,018,761.

**Student Tuition & Fees:** The gross tuition and fees budget of \$4,488,460 reflects the portion of the overall fees that are auxiliary functions of the University.

**Athletics:** The FY20 revenue budget for Athletics is \$107,800, excluding the University's athletic fee. This amount primarily consists of ticket sales, concessions, and game guarantees.

**Housing/Food Service:** The budget for auxiliary housing/food service is \$5,236,037 less institutional scholarships of \$363,340 for a net of \$4,872,697. Many housing rates are flat or down, while 1.07% represents the largest percentage increase. Meal plan rate increases vary from 1.9% to 3.13%.

**UNIVERSITY OF ARKANSAS – FORT SMITH**  
**FY 2020 OPERATING BUDGET**  
**EXECUTIVE SUMMARY**

**Bookstore:** Anticipated revenue of \$387,000 is flat and reflective of commissions received from the campus bookstore operations.

**Other Auxiliary Enterprises:** For FY20, other auxiliary enterprises are budgeted at \$618,700. Season of Entertainment, the parking program, various student activities, and other community outreach programs are included.

**Restricted**

The FY20 budget for restricted operating revenues totals \$6,087,472. This amount includes operating revenues flowing out of such activities as the Federal Trio programs, UAFS Foundation, Western Arkansas Technical Center, and various other small programs and activities. Non-operating revenues of \$19,358,978 consist primarily of Pell Grants, Student Educational Opportunity Grants, Arkansas Academic Challenge, and various other state and federal awards.

**Plant**

The plant funds show a negative revenue budget of \$2,170,690, reflective primarily of interest on capital asset-related debt, with \$116,000 projected from investment and other income. This is a decrease of \$292,538 from FY19. Also reflected is \$500,000 of capital appropriations attributable to an ANCRC grant that will be depleted in FY20.

**Other**

Other non-operating revenues for FY20 are budgeted at \$50,000 of investment income.

**BUDGETED EXPENDITURES**

**Education and General – Unrestricted**

The FY20 budget for unrestricted education and general expenditures and transfers totals \$60,911,792, a decrease of \$2,225,095 from FY19. This amount includes operating expenses of \$55,359,280, transfers out for debt service of \$5,309,337, and other transfers of \$243,175.

**UNIVERSITY OF ARKANSAS – FORT SMITH**  
**FY 2020 OPERATING BUDGET**  
**EXECUTIVE SUMMARY**

**Compensation & Benefits:** FY20 budget of \$40,060,474, a decrease of \$1,226,712 from FY19, is reflective of slowed and more selective backfilling of vacancies.

**Supplies & Services:** The FY20 budget for supplies and services of \$14,119,127 represents an increase of \$117,060.

**Scholarships and Fellowships:** Total scholarships expense of \$1,179,679 represents an increase of \$77,017 from the prior year projection.

**Auxiliary**

The FY20 budget for auxiliary expenditures and transfers decreases from \$10,367,881 to \$9,948,636, a difference of \$419,245. This amount includes operating expenses of \$7,154,074, transfers out for debt service of \$2,655,562, and other transfers of \$139,000.

**Compensation & Benefits:** For auxiliary, the amount of \$2,160,248 has been budgeted for salaries and fringe benefits for FY20. This is a decrease of \$204,947 from FY19.

**Supplies & Services:** The FY20 budget for supplies and services of \$4,644,630 reflects an overall decrease of \$287,544 from FY19.

**Scholarships and Fellowships:** Total scholarships expense of \$349,196 is an \$8,060 decrease from the prior year projection.

**Restricted**

The FY20 budget for restricted operating expenditures increases to \$7,552,999 from \$6,442,812 in FY19. This amount includes \$2,353,431 (compensation and benefits), \$1,701,819 (supplies & services), and \$3,497,749 (scholarships). These amounts are attributable to various federal, state, and local grant awards and other restricted university activity.

**Plant**

The FY20 expense budget totals \$7,985,000, which includes operating expenses of \$275,000 for supplies and services and \$7,710,000 of depreciation. \$1,258,616 of prior year net position will be used for critical deferred maintenance needs that cannot be funded by FY20 operations.

**University of Arkansas at Little Rock**

**UNIVERSITY OF ARKANSAS AT LITTLE ROCK**  
**FY 2020 BUDGETED REVENUES AND EXPENSES NARRATIVE**

**EDUCATIONAL AND GENERAL REVENUES**

Budgeted E & G Revenues for FY20 are approximately \$7.13 million less than FY19. Based on preliminary data, the university is projecting a 1.0% decrease in enrollment for FY20 and based tuition and fee revenues on projected FY19 actual amounts, adjusted downward by this 1.0%.

UA Little Rock proposed no increase in tuition but a 0.95% (\$3.00 per credit hour) increase in mandatory fees, which are as follows:

- Facility Fee - \$1.25
- General Fee - \$1.00
- Health Services Fee - \$.25
- Athletic Fee - \$1.00
- College Technology Fee – (\$.50) reduction

All of these changes are dedicated to specific corresponding expenditure accounts.

Items of importance:

- The Facility Fee should generate \$214,652 annually which will be used for capital projects on campus;
- The General Fee should generate \$171,722 which will be allocated for Donaghey Student Union maintenance;
- The Health Service Fee will generate \$42,930 and will be allocated to the student health office;
- The Athletic Fee will generate \$171,722 and will be used to support the new wrestling program and Title IX initiatives;
- The slight reduction in College Tech Fees for Arts, Letters and Sciences will cost the university \$85,861 but bring this college more in line with other campuses.
- State Appropriations are expected to be \$344,336 less than in FY19.

**EDUCATIONAL AND GENERAL EXPENDITURES**

Budgeted E & G Expenditures are approximately \$7.76 million less than FY19. Salaries were held primarily flat across the campus other than for faculty promotions and increases for classified employees per Act 763.

Items of importance:

- Total budgeted compensation and benefits for FY20 are \$12.48 million less than the original FY19 budget due to eliminating many vacant positions and the partial hiring freeze.
- Supplies and services were increased \$795,892 primarily for academic areas;
- Other expenses were decreased by \$2,537,098 when adjusting scholarship amounts to the level utilized in FY19.

**UNIVERSITY OF ARKANSAS AT LITTLE ROCK**  
**FY 2020 BUDGETED REVENUES AND EXPENSES NARRATIVE**

**AUXILIARIES**

**Housing:** We are anticipating less than full occupancy for the Fall semester in all of our residence halls. Though modest price increases were recommended, the unit will still be required to use \$102,614 of prior year income.

**Athletics:** The major increase in the expenditures for athletics is for the final phase of the men's wrestling program, and increasing support for women's swimming and track & field.

**RESTRICTED**

In most individual restricted fund accounts, revenues and expenditures primarily balance out. Some restricted contracts do provide a source for program income or other administrative cost which make up the vast majority of the \$531,729 increase in net position.

**PLANT**

Plant fund project are funded primarily with income from the Facility and residual funds from the 2017 Student Fee Revenue Bonds. Larger projects scheduled this year include an air handler unit in the Fine Art Building, roofing projects on the Donaghey Student Union and the Physic Building, lighting improvement from the University Village to the new wrestling facility and lighting and resurfacing the student tennis courts. The university is estimating \$17,150,000 in depreciation expense for the year and is conservatively projecting a \$1,300,000 capital gift during FY20 for when the wrestling facility is completed then gifted to the university.

**OTHER**

The designated funds consists primarily of accounts allowed carry-forward authority each year. Examples would be functions that support our research mission, start-up cost for new faculty, indirect cost allocation and program income. Very few of these accounts support compensation and benefits on an on-going basis and normally provide one-time and ancillary support to existing departments. There are institutional policies limiting the amount of carryforward each year and the accounts are charged an overhead fee to cover the infrastructure that supports them. Due to the reduction in maintenance budgets in traditional E&G funds, departments are utilizing more of the prior year funds in their designated fund accounts than in recent years.

In summary, the university is presenting a budget projecting a \$5,621,950 decrease in net position for the year ending June 30, 2020.

**University of Arkansas for Medical Sciences**

**UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES  
FISCAL YEAR 2020  
BUDGET SUMMARY**

**OPERATING REVENUES**

Overall, operating revenues are projected to increase from the FY 2019 budget amount of \$1.514 billion to \$1.547 billion in FY20, a \$33.1 million or 2.2% increase. Operating revenues consist of three major sources: Patient services revenues, tuition revenue and grants and contracts.

**Net Patient Services Revenues**

The total budget for net patient services revenue is \$1.233 billion. This is an increase of \$10.4 million or 1% from the FY 2019 budgeted amount of \$1.222 billion. For FY 2020, UAMS expects patient service revenues in ICE, Regional Programs and the College of Medicine to only grow modestly. This is mainly due to capacity limits in inpatient services and in the operating rooms of the hospital.

**Tuition**

Tuition revenue is projected to remain consistent with prior year, due to very minor increases in select programs. UAMS expects tuition revenue of \$49.7 million compared to \$49.2 million in the prior year. A brief summary of requested rate increases follows:

For the College of Health Professions, UAMS requests a 2% increase. For College of Health Professions graduate programs, UAMS is also requesting an increase of 5.8% in the Physician Assistant Studies program. Physician Assistant students are guaranteed that tuition will not increase during their enrollment at UAMS.

The Graduate School is requesting an increase of 2.5% in full-time student tuition for fall 2019.

**Grants and Contracts**

UAMS expects Federal, State and non-governmental grants and contracts to remain consistent with prior year in total. Federal grants and contracts are budgeted at \$83.9 million, up \$8.6 million from the FY 2019 budget. State grants and contracts are projected at \$31.1 million, a decrease of \$4.4 million over the FY 2019 budget. Non-governmental grants and contracts are projected to decrease by \$3.9 million to \$10.5 million in FY 2020.

**UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES  
FISCAL YEAR 2020  
BUDGET SUMMARY**

**Other Operating Revenues**

The total budget for other operating revenue is \$91.7 million, an increase of \$22.1 million from the FY 2019 budget. This is due mainly to the retail and specialty pharmacy programs.

**OPERATING EXPENSES**

For the campus overall, the FY 2020 operating expense budget of \$1.606 billion produces a net spending increase of \$40.4 million from a FY 2019 budget base of \$1.566 billion, or 2.6%. The increase in overall spending is mainly due to increases in compensation and benefits and depreciation. UAMS continues to focus on controlling expenses with measures implemented over the past 12 months, as well as, a commitment to decreasing expenses through a campus wide resource optimization program.

**Compensation and Benefits**

The budget does not allow for across the board or merit increases; however, we are committed to increasing non-classified employees to a standard living wage of \$14 per hour. UAMS also anticipates some increases in compensation costs related to prior year commitments for clinical positions, new programs and critical personnel needs in academic and core service functions. The total compensation budget for FY 2020 is \$1.065 billion, an increase from the FY 2019 budget of \$33.4 million.

**Supplies and Other Services**

The total supply and other services budget is \$469.7 million, an increase of \$2.1 million from the FY 2019 budget.

**Depreciation and Amortization**

The total depreciation expense budget is \$69.9 million, an increase of \$4.4 million over the FY 2019 budget. This increase represents a commitment to an increase in capital investments, particularly in ICE.

**UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES  
FISCAL YEAR 2020  
BUDGET SUMMARY**

**NON-OPERATING REVENUES (EXPENSES)**

**General State Appropriations**

The budget for FY 2020 assumes an increase in State Appropriations of \$3.1 million over the FY 2019 budget mainly due to new legislation approving additional funding for the Cancer Institute to aid in gaining National Cancer Institute designation.

**Investment Income**

UAMS is taking a conservative approach to investment income projections by budgeting a small increase to bring the total investment income budget for FY 2020 to \$2.1 million. This decision reflects the current volatility in the market, which reduced gains achieved earlier in FY 2019.

**University of Arkansas at Monticello**

**University of Arkansas at Monticello**  
**FY 2020 Operating Budget**  
**Executive Summary**

The University's priorities for the proposed FY 2020 budget allocations are implementation of the state's new pay plan for classified employees, faculty promotions, and campus maintenance agreements. Additional funds were budgeted for services and products available with expanded membership in the student success collaborative to further assist with student recruitment and retention.

**Revenues**

***Tuition***

The requested tuition and fees increase for the Monticello campus is a total of 2.77% and will increase the total tuition and fees from \$256.53 to \$263.63 per credit hour. This increase is projected to generate additional revenue of \$372,750 in this budget category. However, the University has taken a conservative approach and proposes to budget less enrollment for undergraduates due to a decline in enrollment in FY 2019 compared to budget. The University also projects a shift in undergraduate enrollment from the Monticello campus to the technical campuses due to the Pathways Initiative. This initiative will provide proper guidance and advising for at-risk students to help place them on the most appropriate pathway and entry point for academic success. The initial entry point may be a certificate of proficiency, a technical certificate, an associate's degree, or a bachelor's degree. An increase in graduate enrollment and distance education is budgeted and will generate additional revenue of \$240,340.

On the Crossett and McGehee campuses, the University is recommending a 2.78% increase in tuition and fees which will take the rate from \$114.25 per credit hour to \$117.43. The budgeted increases projected for the colleges of technology are based on an increase in enrollment for technical courses due to the Pathways Initiative.

***State Appropriations***

Total state appropriations for UAM are budgeted at a net decrease of \$119,557 compared to the original budget for FY 2019. Due to the productivity funding formula for 4-year universities, UAM expects to receive a 1% reduction in state Revenue Stabilization Act (RSA) funds. This reduction totals \$159,460 for all three campuses. Educational Excellence Trust Funds (EETF) which are received only by the Monticello campus are expected to increase by \$39,903.

**Expenditures**

***Salaries and Fringe Benefits***

The University proposes to implement the state's new pay plan for classified employees. This expense for all campuses totals \$190,238, including fringe benefits. Faculty promotions, including fringe benefits, total \$5,940.

***Enhancement to Student Success***

The proposed budget includes an increase in membership fees for expanded services with the student success collaborative, which is designed to identify at-risk students, drive increased student retention, and improve graduation success. Additional funds of \$65,153 were budgeted to provide marketing and recruitment services to potential students and a mobile app to be used by current students. The new marketing and recruitment services will allow the University to reach up to 30,000 potential students by use of direct email and social media. The mobile app available for

**University of Arkansas at Pine Bluff**

**UNIVERSITY OF ARKANSAS AT PINE BLUFF**

**PROPOSED BUDGET 2019-2020**

**Executive Summary**

The proposed operating budget for the University of Arkansas at Pine Bluff for FY20 was prepared using the following assumptions:

**Revenues:**

1. The increase in revenues is based upon a request to the Board of Trustees to increase tuition by 2.831%.

**Expenses:**

1. Due to the insurance increase of 1%, the University's portion of the premium increased and that is reflected in the University's expenditures.
2. Efforts to enhance several academic programs was budgeted for 2019-2020.

**University of Arkansas at Pine Bluff**  
**Budgeted Revenues, Expenses and Changes in Net Position**  
**For the Year Ended June 30, 2020**

**Cossatot Community College  
of the University of Arkansas**

**Cossatot Community College  
of the University of Arkansas  
Executive Budget Summary  
For the Fiscal Year ending June 30, 2020**

**Mission Statement:**

UA Cossatot embraces diversity and is committed to improving the lives of those in our region by providing quality education, outstanding service, and relevant industry training.

**Budget Assumptions and Philosophy:**

UA Cossatot prepared the FY20 budget based upon the following priorities:

- ❖ Raises for full-time classified staff and faculty only at 2%. No raises for Dept Administration.
- ❖ Enhancement to Student Success includes additional resources for the Educational Resource Center (ERC) budget for tutoring and subscriptions for student use.
- ❖ An increase in budgeted amounts for the ERP project for second year increases in installation costs.
- ❖ A tuition increase request for \$2.00 per credit hour. UA Cossatot is currently ranked 5<sup>th</sup> lowest in the state in Tuition rate per credit hour.
- ❖ An increase of \$1.00 per credit hour each for the Security Fee and the MIS Infrastructure Fee. After analysis of these budgeted expenses, the current amount per credit hour does not sustain the expenditures in these categories.
- ❖ Planned reductions in miscellaneous departments to continue to build our Unrestricted Fund Balance.

**Estimated Revenues:**

UA Cossatot is estimating gross Tuition and Fees to be \$4,150,000 for FY20. This includes a budgeted overall decrease in Tuition and Fee revenues due to overestimating revenues for the FY19 year because of decreases in FTE. UA Cossatot is projecting a small increase of 10 FTE's for the new year. State Appropriations are budgeted at \$4,925,032. This is a budgeted decrease in funding of \$124,370 for the year. Even though the college is still getting productivity funding for good results, the portion this year was less. Local Sales Tax is budgeted at \$1,402,200. This is an increase for the year. Sales tax projections have been good this past year and will hopefully continue. Other budgeted sources of revenues include, Sales/Services of educational departments at \$76,000, Other Operating Revenues of \$55,750, and Investment Income of \$26,250. The total projected revenue budget for Unrestricted E&G is \$10,635,232 for FY20. This is an overall decrease in budget of \$326,896 from FY19.

Auxiliary revenues include Book Rental Program, Sports, and Café Revenues, which will bring in about \$306,888 for FY20.

**Cossatot Community College  
of the University of Arkansas  
Executive Budget Summary  
For the Fiscal Year ending June 30, 2020**

Restricted revenues are budgeted at approximately \$475,000 for Federal grants and contracts. State and local grants are estimated at \$1,255,000 for FY20. And Sales/Services of Educational Depts in Restricted is estimated at \$51,000. Another \$2,795,000 is budgeted for student aid grants. In addition, \$127,500 is budgeted for private gifts. These are all estimates based on previous years' experience with grants and other restricted programs and the anticipation of a couple of new grants. The college is also pursuing several other grant opportunities that may increase these revenue amounts during the year.

**Budget Allocations:**

UA Cossatot is budgeting E&G expenditures for Compensation & Benefits at \$7,524,951. Supplies & Services are budgeted at \$2,552,948 for FY20. These are both decreases in budgeted expenditures from FY19. The college has also budgeted \$55,000 for institutional scholarships.

Auxiliary expenditures for Compensation & Benefits are budgeted at \$134,288 for Café, Sports and the Book Rental Program. Another \$172,600 is budgeted for Supplies & Services for these activities. The college hopes it will break even on these auxiliary activities for the year. Much of the Sports budget will be covered with Private Donations/Sponsorships.

Restricted expenditures are budgeted at \$1,195,000 for Compensation & Benefits for various grants and contracts. In addition, \$330,000 is budgeted for Supplies & Services for these same grants and contracts.

Scholarship Allowances are budgeted to be approximately \$1,725,000, while the Scholarship Expenditures back to students will be approximately \$920,000.

Depreciation for the year is budgeted at \$905,125. Debt payments are budgeted at \$297,333 in principal payments and another \$131,858 will be the interest on the debt. A transfer will be required between E&G and Plant funds for the debt payments.

Overall, this will create an increase of \$205,000 in E&G to be transferred to the Plant fund for any deferred maintenance or construction related projects if needed. The college will hopefully break even overall and show no overall decrease in Fund Balance in FY20. This has been a gradual build to get back to this point by improving the budget each year after the GASB Pension Liability hit us. We have no estimate of its effects for next year, but will make adjustments to the budget as the year unfolds if necessary. UA Cossatot should remain in good financial condition for the year.

**Cossatot Community College  
of the University of Arkansas  
Executive Budget Summary  
For the Fiscal Year ending June 30, 2020**

**Resource Development:**

UA Cossatot continues to seek opportunities with grants and other funding that will enhance the college and fit in with our mission, goals, and objectives. Currently, the college has a little over \$1.3 million in grants and other restricted programs. These grants are a combination of federal, state and private grants, as well as cost-share programs that enhance the college's mission and purposes. The college will continue to collaborate and leverage resources with other colleges and entities when submitting proposals.

# PHILLIPS COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

## Budget Narrative

PCCUA strives to operate in a fiscally responsible manner keeping in mind the burden the cost of higher education places on our students and the taxpayers of Arkansas. We are continually monitoring our operating revenues, expenses, and physical assets to be as efficient as possible while maintaining the level of service that is expected. This fiscal year 2020 budget reflects these efforts.

### Estimated Revenues

PCCUA is anticipating an overall decrease of .39% in budgeted E&G revenues for the 2020 fiscal year. Factors that play an important role in projecting these revenues for the upcoming fiscal year include the following:

- PCCUA is proposing a 2.71% increase in tuition and mandatory fees.
- PCCUA will experience a reduction of \$90,631 in Revenue Stabilization Act funds. In addition Educational Excellence Trust Funds are projected to decrease slightly, while Workforce 2000 Development Funds are projected to remain stable.
- Local property tax and/or sales tax is anticipated to be consistent with the prior-year with no increase expected.
- All other revenues are projected to decrease overall 18.61%. with a modest increase anticipated in sales and services of educational departments

The following is a breakdown, by source, of FY20 estimated E&G revenues:

	<i>Amount</i>	<i>% to Total</i>
Tuition and Fees	\$ 3,009,900	18.33%
Local Taxes	2,025,000	12.33%
RSA : Category A	8,972,457	54.65%
EETF	833,364	5.07%
WF2000	523,196	3.19%
Sales & Services of Educational Departments	101,490	0.62%
Other Revenue Sources	894,025	5.45%

Investment Income	60,000	0.36%
<b>Total</b>	<b>\$ 16,419,432</b>	<b>100.00%</b>

### Budget Allocations

To maintain a consistent level of service to our students, PCCUA has strategically realigned budget allocations in certain areas to achieve savings and provide funding for new programs and initiatives. The College continues to strive to achieve savings in salary and fringe benefits through the reorganization of various departments, reassignment of duties to other positions, and the elimination of some vacant positions. These savings have provided needed operating funds for our expanding programs in commercial truck driving and welding as well as new programs in HVAC and construction. Additional efforts are also underway to assist with our enhanced recruiting, retention, and graduation efforts and to assist in workforce training and development efforts.

The FY20 budget provides for a 1% salary increase for all faculty and non-classified employees as well as the implementation of the Higher Education Uniform Classification and Compensation Act increases for classified employees. The budget also carries forward the full implementation of a faculty equity salary study which was initiated to properly align faculty salaries and make the College more competitive.

PCCUA has undertaken several cost containment measures over the past fiscal year to help curb expenses. The College has initiated a process of converting most desktop printing to more centralized printing, reduced cellular telephone service, and is in the final connectivity phase to AREON which will result in monthly internet cost savings. Other services and/or maintenance-support agreements have been examined to determine the best value for the college resulting in cost savings. PCCUA's revised budgeting process has enabled the College to more closely monitor expenses and identify areas for cost saving.

Factors such as FTE, student headcount by campus, campus services, and building maintenance requirements (building square footage, acreage, and age) are several of the factors employed in the funding distribution by campus. The Helena Campus provides many centralized operations, programs, and services which results in a greater percent to total. In addition, all Secondary and Career Technical Center expenses are reflected in the budget allocation for the Stuttgart Campus which increases the percent to total for that campus.

Dr. G. Keith Pinchback  
Chancellor

**University of Arkansas  
Community College at Batesville**

**UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE**  
**EXECUTIVE BUDGET SUMMARY**  
**For the Fiscal Year Ending June 30, 2020**

**Mission and Organization**

The University of Arkansas Community College at Batesville provides quality educational opportunities within a supportive learning environment. We promote success through community partnership, responsive programs, and an enduring commitment to improvement.

**Values**

At UACCB we value...

Unity through collaboration

Achievement in educational goals

Commitment to excellence

Contribution to community

Balance in learning and life

**Vision**

UACCB will be recognized for excellence in education, leadership, service, and innovation in response to education, economic and social needs.

**Goals**

In order to accomplish its mission and fulfill its vision, UACCB has established a set of strategic goals. Each organizational area is expected to work towards its respective goals and correspondingly contribute to the strategic institutional efforts.

**Budget Assumptions and Philosophy**

The FY20 budget is based upon General Revenue of \$4,131,061 in Category A, \$64,112 in Category B and a Workforce 2000 forecast of \$855,865. The Administrative Cabinet members worked with their area budget managers in developing this budget. The FY20 budget sets a direction toward improving student success and retention and meeting the needs of our community through community-based programs. The budget is also designed to more closely align with the institution's strategic plan.

**UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE**  
**EXECUTIVE BUDGET SUMMARY**  
**For the Fiscal Year Ending June 30, 2020**

The operating budget was developed assuming the following:

- State appropriations will remain the same as FY19
- Revenue from the ¼ cent county sales tax is projected to generate \$1,475,000
- Tuition increases for online classes and out-of-state classes will be used for updating technology equipment and salary increases for technology employees. This minimal increase will help to retain current employees.
- Department operating budgets were formulated very closely to the 2019 levels
- Continuation of third-party vendors for evening custodial services and security.
- Debt service for FY20 will be set at \$310,048. This debt service includes the final obligation for the Nursing and Allied Health Building. Other debt service payments are to the Arkansas Revolving Loan Account in which funds are to assist in the construction of the Workforce Training Center. Anticipated completion date for this building is to be December 2019.

**Estimated Revenues**

Revenues for FY20 projections increase from FY19 revenues. State appropriation projected funding for FY20 is \$4,131,061 in Category A, the same as the overall FY19 General Revenue appropriation, and \$64,112 in Category B. Workforce 2000 funds projections are \$855,865. Local sales tax projections are \$1,475,000.

**Budget Allocations**

The budget was prepared with sensitivity to the projected needs of the campus as it continues to develop and cope with the economic situation. Reallocations have been made to cover the cost of departmental budgets.

Scholarships remain a very important part of the UACCB mission. The FY20 budget has funded our student scholarship account at \$381,000, the same as for FY19. This budget funds institutional scholarships and financial awards.

Debt service for FY20 is \$310,048. This debt service includes a final payment to the Arkansas Revolving Loan Account in which funds were for the construction of the Nursing and Allied Health Building. This also includes payments to the Arkansas Revolving Loan Account in which funds are to be used to assist in the construction of the Workforce Training Center.

**Budget Narrative FY2020**

REVENUE

1. Tuition: Increase in-district tuition by 1.5%, in-state tuition by 2.7%, and online and out-of-state tuition by 2.8%. This increase will produce an estimated \$98,000 that will be used in awarding a 2% salary increase to all faculty, classified and non-classified staff.
2. Mandatory Fees:
  - a. The Facilities Fee will be increased by \$1 per credit hour. This increase will produce an estimated additional \$20,000 to support critical maintenance needs.
  - b. The Security Fee will be increased \$3 per credit hour. This increase will produce an estimated additional \$60,000 to support campus security enhancements and fund security costs without subsidies from other revenue.
3. Program Specific Fees:
  - a. General EMS, General Nursing, C.N.A., and Funeral Service fee increases will offset increased costs of supply expenses.
  - c. Nursing and ARNEC Testing fee increases will offset the actual increased cost of the online and licensure preparation exams used for the programs.
4. State Appropriations increased by \$456,946 due to performance funding. This revenue is dedicated to critical maintenance in the Plant Budget and one-time expenses in the E & G Supplies and Services budget.
5. Other: Increase in Local Sales Tax revenue reflects the projected actual collection for the current fiscal year.

The total requested tuition and mandatory fee increase is 5.3% for in-district students and 5.86% for out-of-district students. UA-Hope remains an outstanding value with the increase resulting in annualized tuition and mandatory fees total of \$3,070 for in-district students and \$3,250 for out-of-district students. UAHT will remain the lowest cost institution in the UA System with the requested increases.

EXPENDITURES

1. Compensation & Benefits: Faculty and staff salaries will be increased by 2% to enhance student success by supporting faculty and staff. The increase in salaries will also incur a small increase in benefit cost. Total increase in compensation and benefits for FY2020 is \$56,133.

**UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT HOPE-TEXARKANA**  
**Budget Narrative FY2020**

2. E & G Supplies & Services: This budget will be increased by approximately \$250,000 to provide for increases in utilities, equipment for student use, program specific costs, and the ERP project. The general academic support and general student services support budgets contain approximately \$225,000 that would have previously been budgeted in contingency. Accessing the additional funds will require CFO and Chancellor approval to ensure that funds are available for unexpected expenses during FY2020.
3. Plant Supplies & Services: \$322,000 is budgeted for critical maintenance needs including two roof replacements. This is funded with a portion of the performance funding.

**University of Arkansas**  
**Community College at Morrilton**

**University of Arkansas Community College at Morrilton**  
**Executive Budget Summary**  
**For the Fiscal Year Ending June 30, 2020**

**Mission**

The University of Arkansas Community College at Morrilton is committed to excellence in learning and personal enrichment.

**Budget Highlights**

The Operating budget was developed planning for the following:

- Classified Employee 2% COLA Pay Increase and Merit-based bonus after a 1% adjustment for the new compensation pay plan.
- Full-time Faculty 2% COLA Pay Increases
- Non-Classified Employee 2% COLA Pay Increases
- ERP Expenditures
- Efficiency increases through reviews of process and position needs.
- Prior Year Fund Balance Carryover from our Bookstore Building Sale in February of 2019.

The Restricted Fund balanced revenue/expenditure budget was developed based on historically received grants and programs for which funding is expected to be realized for FY 2020 including:

- Federal Pell Grant
- Other Federal and State Grant Programs (Perkins, Career Pathways, Adult Ed., Arkansas Scholarship Lottery, Arkansas Futures, etc.)
- Private Scholarships and Grants

Additionally, included in the Restricted category is the Allowance for Scholarships. This allowance ultimately reduces total tuition and fees as well as scholarship expenses by like amounts for grants such as Pell, SEOG, and Arkansas Scholarship Lottery.

The Plant Fund budget was developed based on Scheduled Bond Interest and Agent fees as well as Depreciation Expense included on the Annual Financial Statements.

**Unrestricted Fund Estimated Revenues**

General revenue has been budgeted using the official state revenue forecast for FY'20. We are anticipating a decrease in State Funding of \$36,446 due to Performance Funding Index scores.

**University of Arkansas Community College at Morrilton**  
**Executive Budget Summary**  
**For the Fiscal Year Ending June 30, 2020**

Two mandatory fee increases for a total \$3 per credit hour are budgeted for FY'20. The first is for ERP Implementation which will take this fee from \$2 to \$3 per credit hour, and Campus Improvement Fee which will take this fee from \$13 to \$15 per credit hour enabling us to better address campus deferred maintenance. In-state tuition will increase \$1 from \$101 to \$102 and in-county tuition will increase \$1 from \$91 to \$92. SSCH's are budgeted at 41,837.

Course Specific Fees decreased \$50,000, due to continued analysis of cost of attendance in specific disciplines.

**Unrestricted Budget Allocations**

Included in this budget for Non-Classified Faculty and Staff is a 2.0% COLA increase. The budget for Classified Staff includes the implementation of Act 763 providing for an adjustment to the Higher Education Classification and Compensation plan. Additionally, this budget includes a 2% COLA increase along with Merit-based lump sum payments for Classified employees.

The budget also includes an expense of \$89,826 for two new academic tutor positions. The Carryover of prior year fund balance from a building sale in the amount of \$267,331 is being budgeted for campus deferred maintenance.

All positions when vacated continue to be closely reviewed to determine whether they can be combined with others and all processes are evaluated to continue to look for improved efficiencies.

Diana Arn, Interim Chancellor

**University of Arkansas -  
Pulaski Technical College**

**UNIVERSITY OF ARKANSAS - PULASKI TECHNICAL COLLEGE**  
**EXECUTIVE SUMMARY**  
**For the Budget Year Ending June 30, 2020**

**BUDGETED REVENUES**

**Education and General**

The FY20 budget for unrestricted education and general revenue totals \$39,159,366 for operating and non-operating revenue, net of institutional scholarships of \$1,098,121.

**Student Tuition & Fees:** UA-PTC is proposing to increase in-state and out-of-state tuition by 1%, from \$132.73 to \$134 and \$172.55 to \$175 per semester credit hour, respectively. The proposed annual tuition and mandatory fees will increase 0.68% in FY20 from \$5,631.90 to \$5,670.00 for in-state students.

**Enrollment assumptions:** UA-PTC enrollment has declined over the last few years, but we have seen that decline slowing. Due to increased efforts in enrollment management, recruiting and marketing strategies, FY20's budget is projecting for a 6% enrollment decline, or 104,670 student semester credit hours. At these enrollment levels, tuition and fee revenue is projected to be \$22,091,828.

**Grants and Contracts:** This revenue for grants and contracts is budgeted at \$141,155 for FY20, which includes the administrative allowances for various grants including Pell Grant, College Work Study, VA Reporting, STEM Success, TRIO and Veterans Upward Bound.

**Sales/Services of Educational Departments:** The revenue budget is \$306,000 for FY20.

**Other Operating Revenues:** The revenue budget is \$277,250 for FY20, which is an increase of \$84,000 from FY19 for facility rental revenue.

**State Appropriations:** State appropriations budgeted for FY20 of \$17,231,254 are based upon the latest state forecast.

**Auxiliary**

The FY20 budget for auxiliary revenue totals \$455,000 for operating revenues.

**Bookstore:** The revenue of \$288,000 includes commissions received from the bookstore.

**UNIVERSITY OF ARKANSAS - PULASKI TECHNICAL COLLEGE**  
**EXECUTIVE SUMMARY**  
**For the Budget Year Ending June 30, 2020**

**Other Auxiliary Enterprises:** The FY20 other auxiliary enterprise revenue of \$167,000 is comprised of vending commissions, catering revenues, facility rentals and CHARTS programming.

**Restricted**

The FY20 budget for restricted funds total \$7,975,932 net of scholarship allowances. This amount includes operating revenues for Federal Title III programs, TRIO, Career Pathways, Career Coaches, Adult Education, Carl Perkins, Career Center and various programs. Non-operating revenues in the amount of \$15,900,000 consists of Pell Grants and various other state and federal awards.

**Plant**

**Non-Operating Revenues:** The non-operating revenue budget for Plant is \$20,000 in FY20, which includes investment income.

**BUDGETED EXPENDITURES**

**Education and General**

The FY20 budget for unrestricted education and general expenditure totals \$39,159,366. This amount includes operating expenditures of \$30,759,366 and transfers out for debt service payments of \$5,860,465 and other transfers of \$2,539,535.

**Compensation & Benefits:** The budget for compensation & benefits for FY20 is \$23,032,576. This is a reduction of \$745,819 from the FY19 budget. The decrease is a result of UA-PTC's restructure, not filling vacant positions, and a reduction in budgeting of part-time faculty due to a projected enrollment decline.

**Supplies & Services:** The FY20 budget for supplies and services of \$7,317,078. This is a reduction of \$212,192 from the FY19 budget.

**Scholarships & Fellowships:** The FY20 budget for scholarships includes expenditures of \$409,712 and institutional scholarships of \$1,098,121.

**Auxiliary**

The FY20 Supplies & Services operating budget for auxiliary expenditures totals \$455,000.

**UNIVERSITY OF ARKANSAS - PULASKI TECHNICAL COLLEGE**  
**EXECUTIVE SUMMARY**  
**For the Budget Year Ending June 30, 2020**

**Restricted**

The FY20 budget for restricted expenditures total \$7,900,118. This amount includes \$2,499,884 for Compensation & Benefits, \$1,425,234 for Supplies & Services and \$3,975,000 for Scholarships & Fellowships.

**Plant**

The FY20 budget for plant operating expenditures total \$5,050,000. This amount includes \$350,000 for Supplies & Services for various deferred maintenance projects and \$4,700,000 for depreciation expense. Non-operating expenditures total \$3,625,465 for interest on capital asset-related debt net of investment income. Funds totaling \$8,475,814 will be transferred into plant funds to cover long-term debt, mandatory maintenance transfers and other plant expenses.

**University of Arkansas  
Community College at Rich Mountain**

**University of Arkansas Community College Rich Mountain**  
**FY2020 Operating Budget**  
**Executive Summary**

UA Rich Mountain moves into FY20 with the goal of increasing student enrollment, retention, and success. In the Fall 2019, Bucks Athletes will be competing in Men and Women's Soccer for the first time. New certificate, technical, and associate degrees for programs in very high demand locally are also anticipated to increase enrollment numbers.

**Budget Assumptions:**

Revenue:

The FY2020 Revenue forecast is based on the following assumptions:

- State General Revenue Forecast for FYE June 30, 2020 shows an estimated decrease of \$30,000 for the budget year.
- An increase of \$2.00 per credit hour in Tuition
- An increase of \$6.00 per credit hour for ERP/Infrastructure Fees. This is expected to be the last increase needed in order to generate the appropriate amount of revenue needed to meet the proposed 10-year financing plans for the ERP platform.
- An increase of 76 FTE compared to last fiscal year due to an expected increase in student athletes and new programs offered on campus.
- Student housing and food services result in an increase to the Auxiliary budget revenue.

Expenditures:

The FY2020 Expenditures are budgeted in anticipation of increased student enrollment and the respective increase to staff and faculty needs. However, budgeting remains conservative and balanced. Changes in budget allocations are as follows:

- 4.65% increase to compensation and benefits due to increased staff and faculty
- 7.35% increase to the Supplies and Services budget to cover additional operational expenses due to increased enrollment, ERP expenses, and IT/Network upgrades.
- Contingency amount of \$59,260 was included in the Supplies & Services budget.

**Arkansas School for Mathematics,  
Sciences and the Arts**

# ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

## BUDGET DISCUSSION FY 2019-2020

### INTRODUCTION

The Arkansas School for Mathematics, Sciences, and the Arts is a statewide, public residential high school for academically talented high school students who are admitted annually through a competitive selection process. The stated mission is to create, encourage and sustain an educational community of academically talented students, faculty, and staff that seeks to pursue knowledge of mathematics, sciences, the arts and other curricula throughout the State of Arkansas. Four areas are emphasized to meet our legislated mission:

- a vigorous and innovative academic and community experience within the residential program,
- extensive course offerings through digital learning based on needs which cannot be fully addressed by local schools,
- out-of-school enrichment opportunities that promote inquiry in STEM disciplines as well as exploratory experiences within the arts, and
- teacher enhancement and educator development programs that improve learning for all young Arkansans.

ASMSA was established by the General Assembly in 1991, opened to its first class of students in 1993, and became a campus of the University of Arkansas System effective January 2004.

The residential program serves students from many high schools across Arkansas. In the previous year, students represented 81 of 100 House districts and 34 of 35 Senate districts. Teacher training programs conducted during summer months and throughout the year are tuition-based or grant-supported. Residential faculty also provide in-service training for requesting school districts during the regular school year. State appropriations provide the basic funding for the activities of the residential program and a portion of educator development and digital learning expenditures.

ASMSA continues to invest in increased educator training and blended learning in computer science education. ASMSA has made a substantial impact on statewide efforts to achieve Governor Hutchinson's vision of expanding access to coding in schools. To date, ASMSA has provided professional development to 40% of all of the state's newly-certified computer science teachers. One-quarter of new teachers have participated in our yearlong training cohort through the school's Coding Arkansas' Future initiative.

ASMSA will continue to take significant steps in the coming year to achieve the arts mission set before it by the General Assembly more than a decade ago. Most notably, the school will add two full-time faculty positions within the arts, which allows our program to offer new experiences in music, craft, and design. These positions are an important investment in students who wish to further develop their talents and creativity beyond those the school traditionally serves in STEM disciplines. Investments in mental health, student

## ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

### BUDGET DISCUSSION FY 2019-2020

wellness, and leadership programs will consider to ensure the residential and student life experience develops the individual human potential of our students.

ASMSA's distance learning efforts has the capacity to reach more than 1,500 students in counties throughout the state. Additional grant funding is received from the Arkansas Department of Education (ADE) for digital learning programs based on funding available. The school will continue its Advanced Biology Plus program, which offers a yearlong experience for new and emerging Advanced Placement Biology teachers. Coding' Arkansas' Future will expand its state and national influence in computer science education through a CS+Entrepreneurship curriculum.

As the school focuses on the next steps in the campus master plan, we are actively working toward renovated spaces that assist with growth in student enrollment as well as substantial improvements to ADA accessibility between the residential and academic zones of campus.

ASMSA will employ a total of 86 positions in fiscal year 2018-2019. Of those, 29 are ten-month full-time teachers. Three adjunct positions cover specialty academic areas in the residential program. There are also 19 ten-month full-time support staff, 32 twelve-month full-time staff and 3 extra help positions. The enabling legislation created all positions as non-classified.

### **BUDGETED REVENUE**

#### **Operating Revenue**

We have estimated the amount of grant and contract revenues in E&G to be \$500,000 for the upcoming fiscal year. This is funded by a grant from the Arkansas Department of Education. Other operating revenue in E&G has been budgeted at \$150,000.

We anticipate approximately \$148,000 in restricted grants and contracts for fiscal year 2019-2020. Based on the success of ASMSA's educator development programs in computer science and coding, the Arkansas Department of Education has awarded ASMSA a \$125,000 grant to continue our outreach efforts and serve additional teachers. An additional \$23,000 in registration fees for ASMSA's Summer Research Institute program is estimated in sales/services of educational departments. Summer enrichment programs for Arkansas faculty are expected to generate another \$23,000 in revenue. A further \$20,000 in non-operating revenue is anticipated from gifts to The ASMSA Foundation to support residential student and outreach programs.

#### **Non-Operating Revenue**

State appropriations are budgeted at \$9,253,213 for fiscal year 2019-20. Our primary source of funding is the Educational Excellence Trust Fund, budgeted at \$8,120,198. Since an official forecast has not been released at this time, this amount remains the same as

**ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS**

**BUDGET DISCUSSION FY 2019-2020**

forecasted for 2018-19. The total portion of state funds derived from the Revenue Stabilization Act fund is \$1,133,015. This is a 1.8% increase from the 2018-19 amount received.

**BUDGETED EXPENDITURES**

**Compensation and Benefits**

Salary expenses will be increased by 2.6%, approximately \$127,000 over the current year adjusted salary budget. This includes one new position, market adjustments needed for some positions and a cost of living adjustment for all salaried employees. Funds will also be available for conducting weekend enrichment seminars and campus outreach programs.

**Supplies and Services**

The proposed budget for Supplies and Services will increase by approximately 1%, or \$46,000. Investments are focused on departmental needs, student support programs, utilities, contract services.

**SUMMARY**

In all that we do, ASMSA's purpose is to assist educators and districts in providing appropriately challenging learning opportunities for talented and motivated students throughout Arkansas. We take great pride in providing students with access to human, technological, curricular, and other learning resources that eliminates gaps in opportunity in rural or underserved districts. The budget presented herein is based on, and tied to, performance of the legislative mission of the institution, and we strive to be good stewards of the resources provided to us through the General Assembly, the Arkansas Department of Education and other external partners. We believe this proposed plan is sufficient to support our programs and respectfully request your approval.

Corey Alderdice  
Director

**University of Arkansas**  
**System *e* Versity**

**UNIVERSITY OF ARKANSAS SYSTEM *e*Versity**  
**BUDGET SUMMARY**  
**FOR THE FISCAL YEAR ENDING JUNE 30, 2020**

The University of Arkansas System *e*Versity is a 100 percent online institution created by the UA Board of Trustees in March 2014 to serve students who are unable to access traditional higher education campuses. In FY19, *e*Versity had 85 graduates in the May commencement.

The mission of the University of Arkansas System *e*Versity is to provide high-quality, accessible, affordable, online education relevant to the modern workplace. Faculty will develop and deliver rigorous certificate and degree programs that utilize rich data analytics to enhance student success and achievement. The system online university is committed to continual improvement of the craft of teaching through practice and scholarship and to serving our public communities by providing timely, interesting and useful educational material. There is no change in the tuition rate for next year and it remains \$175 per credit hour.

As anticipated, expenses incurred in FY2019 were more than tuition received and were covered with System Administration reserves. In FY20, it is expected that *e*Versity will be at breakeven for the first time.

# **University of Arkansas System Administration**

**UNIVERSITY OF ARKANSAS SYSTEM ADMINISTRATION  
BUDGET SUMMARY  
FOR THE FISCAL YEAR ENDING JUNE 30, 2020**

**Mission**

The University of Arkansas System Administration coordinates various operations of the University's components to ensure that the University operates efficiently and enhances its advantages of size and diversity. The System Administration will continue to provide those administrative and professional services that are more effectively and efficiently furnished on a university-wide basis. In addition to the President's office, these administrative functions include fiscal management, operations of the university's self-funded health/dental plans, retirement plans, legal services, internal audit, distance learning coordination and governmental relations. The focus and direction of resources expended at the system level will continue to be to provide these administrative functions to all divisions and campuses within the University system.

**Administration**

Total revenues for fiscal year 2020 are projected to be \$9,750,713. State funding has a slight increase at \$3,989,948. Other revenue sources, consisting primarily of reimbursements for expenditures associated with the administration of the employee benefits, risk management function, legal and internal audit services, totals \$5,160,765. Expenses are budgeted in the same amount as revenues with an average of 2.3% increases being given based on performance.

**Insurance Plan**

For FY20, the health plan's performance remains positive, premium increases are limited and there are limited design or coverage changes scheduled for the plan year beginning in January 2020. Increases in the monthly premiums, for all tiers of coverage, are 1.5% for the Classic Plan, 3.5% for the Premier Plan and 1.0% for the Health Savings Plan.

To hold the loss ratio at 100%, the actuaries projected that an increase of 5.3% was needed. The calculation took into consideration utilization as well as medical and pharmacy trends. In applying a weighted average increase of 1.8%, the University recognizes that the previously established employee subsidy changes will continue in July (increasing premium expenses for employees) and that current plan financial performance is positive. Plan reserves will be used to offset the needed premium increase, reducing the impact on employees and campuses.

**ERP Implementation**

During FY19, the implementation of our new ERP system, Workday, began. We hired a project team using provisional positions that the System has available for their use. Since almost all of the costs are billed to the campuses and units, the related costs are netted in our budget. The compensation and benefits for Project One are budgeted for FY20 at \$3,755,290 which represent 34 employees, travel costs at

**UNIVERSITY OF ARKANSAS SYSTEM ADMINISTRATION  
BUDGET SUMMARY  
FOR THE FISCAL YEAR ENDING JUNE 30, 2020**

\$57,500, and general expenses of \$142,500. The amount paid to the implementation partner, Deloitte, totals \$2.7 million to date, with an additional \$13 million expected to be paid in FY20.
