*Note: Because the tuition revenue is collected on the University of Arkansas at Fayetteville campus and not by the UAMS College of Public Health, it has been removed from this schedule. UAMS is compensated for its participation in*

*the Walton College EMBA program through a Memo of Understanding between the two institutions. Revenue flows to UAMS through billings done by the UAMS Contracts Office and posts as contract revenue, not as tuition revenue.*

**Online Tuition**

Tuition rates expressed are per semester or per credit hour. Summer sessions are charged at the per hour rate listed times the number of hours taken. UAMS received approval to offer a standard tuition at in-state rates for UAMS-designated 100% online programs beginning seeking students taking a single online course would be included in the in-state tuition rate.

The **College of Medicine** is requesting a 0% increase in base tuition (including no increase in the fees that were rolled into tuition for the FY17-18 year). Since 2015, our tuition has increased such that we now exceed the national median tuition for public schools. We are at about the 55th percentile for US public schools and we are well above the regional median also. Given the concerns about increasing student debt and our recent citation from the LCME concerning such debt, our recommendation is that we aim to return to the 25th percentile among US public schools, or at least to the regional mean/median.

The **College of Nursing** is requesting a 3.0% increase in resident base tuition for undergraduate programs and a 4.9% increase in resident base tuition for graduate programs. No increase in resident fees for undergraduate and graduate programs is being requested. No increase is being requested the State and the Southern Region. It is expected that tuition and fees will increase for the comparison programs as they have done so in previous years. When compared to other nursing colleges in Arkansas and the Southern Region, the BSN program is only slightly above average while the graduate programs are below average in annual cost. No increase in tuition and fees for either program was requested in FY2019.

The **College of Pharmacy** is not requesting an increase in tuition for FY 20-21 in order to help stabilize declining enrollment. In addition, the College is, of these states would receive a tuition rate of 125% of in-state tuition, thus creating a 2-tier out-of-state tuition rate for the Pharm.D. program.

The **College of Health Professions** is proposing a 0% increase in tuition for graduate and undergraduate programs for FY2021, as we increased tuition for undergraduate and for the Physicians Assistant programs in FY2020. When tuition is compared to other programs in Arkansas the CHP programs are currently above average.

The **College of Public Health** proposes a general 2.8% increase in tuition and no increase in fees for Fall 2020. In comparison with 16 comparable schools of public health across the U.S., the Fay W. Boozman College of Public Health is within the second quartile. There was no tuition increase a year ago, but costs continue to rise. The COPH proposes a modest increase in order to ensure the maintenance of quality across its numerous degree programs.

The **Graduate School** is requesting a modest increase of 2.2% in full-time student tuition for Fall 2020. Even with this increase, Graduate School tuition is still substantially below regional peer comprehensive academic health centers.

1 The Student Health Fee is not charged to students enrolled in UAMS-designated 100% online programs and is not charged for summer semester. For FY21, requesting a modest \$4 (2.8%) increase for health services offered to students. First increase since FY16.

2 The Student Transportation fee is not charged to students enrolled in UAMS-designated 100% online programs. For each term, students enrolled in programs on the Northwest campus will not be charged. Summer session rate is \$39.

3 The UAMS Technology Fee is charged to all students with the exception of students enrolled in UAMS-designated 100% online programs, They are charged one-half of the standard rate. This fee is not charged for the summer semester. The requested \$3 increase is to help support the cost of providing this service.

4 Undergraduate students taking less than 6 hours and Graduate students taking less than 5 hours will not be charged. The fee is not charged for summer semester. Students enrolled in UAMS-designated 100% online programs will be charged one-half of the standard rate. Fee increase is to cover the rise in costs associated with academic administrative services provided.

5 The Student Activity fee is not charged to students enrolled in approved, UAMS-designated 100% online programs. It is not charged for summer semester.

6 This fee is charged to students actively engaged in a UAMS degree program but not enrolled in credit-bearing courses activities, are preparing to fulfill graduation requirements and/or awaiting completion of final licensure tests.

7. Standardized Patient Fee (increased to \$170/sem) and Curriculum Assessment Monitoring Fee (Exam Software) (\$35/sem). Total = \$419/semester; \$838/year

8 In addition to non-degree seekers, a one-time application fee will be charged to all College of Medicine applicants. The FY21 fee charged to UAMS for the application processing of visiting students (VSAS) will be increasing by \$25. Historically, this has been a student cost.

9 In Fall 2019, the College of Medicine instituted a fee to students during their M1 and M2 years for mandatory course study materials. These materials are provided to students at a reduced institutional rate.

10 The College of Nursing Graduate Program Fee is a generic fee that replaced the Advanced Health Assessment fee previously charged to the graduate students enrolled in the Advanced Health Assessment course. The \$300 fee is to be spread across the program (\$50/semester for 6 semesters). Additionally, \$15 is included in this fee to cover the cost of Typhon, a nurse practitioner student tracking software. This fee is charged every fall and spring semester to students enrolled in graduate programs.

11 The College of Nursing Progression Test fee includes the cost of ATI, ExamSoft, and an iPad app for the BSN students. The fee should be charged every fall and spring to students enrolled in the BSN program.

12 Although not a fee, this deposit is due upon acceptance, as a reservation of enrollment prior to actual registration. It is non-refundable but will be applied to the first semester tuition if the applicant enrolls within a year.

13 The Anesthesia Professional Liability Insurance/Student Liability Insurance is provided to students only by the American Association of Nurse Anesthetists (AANA). The needed liability insurance for CRNAs is more comprehensive in the variety of anesthetizing locations in which they will gain clinical experiences.

14 The Pre-NAPLEX Exam fee for only 4th year students is to cover the cost of the Pre-NAPLEX exam course. The cost increase of March 1, 2014 to \$55 has not been reflected in the fee charged to the students. This increase is making the adjustment.

15 The NAPLEX Prep Course fee is a fee spread out over the duration of the program to cover the cost of an externally provided prep course to improve the NAPLEX pass rate. The fee is increasing to \$65 per semester to cover the RxPrep contract terms for a fee increase per student. The contract was signed in May 2019 and will end in 2022.

16 Immunization Training by APhA is required by most state Boards of Pharmacy to administer immunizations. This training is during the P1 year.

17 The Professional Development Fee is used to subsidize the current Student Activity Fee funding of professional development activities specific to the COP students.

18 Formerly known as the NiaRx license, the Simulated Electronic Medical Record (EMR) licenses are purchased for all P1-P3 students at an annual cost of \$55/license for the three (3) years. The cost is spread over four (4) years.

19 Laboratory fees in the College of Health Professions are set on a credit hour of enrollment basis with the following exceptions:

- (a) Physical Therapy charges a \$125 lab fee during the fall and spring terms.
- (b) Physician Assistant Studies charges a laboratory fee of \$125 for summer, fall, and spring terms.

20 The Student Liability Insurance in the College of Health Professions covers students in a wide range of programs. The higher liability for students in the physical therapy program is reflected in their malpractice insurance fees. For FY21, students in Physician Assistant Studies will not be charged for malpractice coverage.

21 The College of Health Professions sets the Standardized Patient Fee amount based on required usage of standardized patients.

22 The Respiratory Therapy 'voucher' fee provides funding to the student when it is time to sit for his/her registry exams while still in school. With the voucher, the student would only need to enter a code in order to sit for their exam.

23 The Credit by Examination fee would apply to College of Health Professions courses for which a student demonstrates competency or equivalency in the subject matter. This would be similar to a CLEP exam. The fee for Credit by Examination would be 1/2 the per credit hour rate of the course in which the student is seeking credit.

10. Campus Report: Chancellor Chris Thomason, University of Arkansas Community College at Hope - Texarkana:

Chancellor Chris Thomason reported that the University of Arkansas Community College at Hope-Texarkana has been serving students and the region for 55 years. From humble beginnings as Red River Vocational-Technical School in 1965, UAHT now serves over 3,000 students each year on campuses in Hope, Texarkana, and Historic Washington, Arkansas. By joining the University of Arkansas System in 1996, the college became part of a family that offers students almost unlimited educational resources and allows them to transfer seamlessly to any Arkansas 4-year public university. Chancellor presented a video that included testimonials from the following students: Kyle Pennington, UACCHT and University of Arkansas at Monticello Transfer Graduate; Crystal Haley, UACCHT and University of Arkansas at Pine Bluff Transfer Graduate; Ashlyn Courtney, UACCHT Collegiate Academy Student; Angie Navarro, UACCHT and University of Arkansas at Fort Smith Transfer Graduate; Chris Smith, UACCHT and University of Arkansas at Little Rock Transfer Graduate; Karina Hernandez, UACCHT and University of Arkansas at

Fayetteville Transfer Graduate and Katherine Williamson, UACCHT and University of Arkansas for Medical Sciences Transfer Graduate.

Chancellor Thomason's video concluded with a review of innovative programs including:

- **Hempstead Hall**  
In 2013, UAHT and Hempstead County opened Hempstead Hall, a 65,000 square-foot multi-purpose venue. From conferences to concerts to ice skating to community events, Hempstead Hall offers a variety of opportunities to serve our region. In six and half years of operation, Hempstead Hall has hosted 2,835 events which have served 278,653 guests.
- **Collegiate Academies**  
The Hope and Arkansas High Collegiate Academies are partnerships between the Hope Public School District, the Texarkana Arkansas School District, and the University of Arkansas Hope-Texarkana. The goal of the Collegiate Academy is to provide students with a three-year curriculum that allows them the opportunity to complete a high school diploma and an associate degree simultaneously.
- **Secondary Career Center**  
In 2019, UAHT assumed and expanded operation of the Secondary Career and Technical Education Center. The CTE center is an area secondary career center located on the U of A Texarkana Campus, Arkansas High School Campus in Texarkana, and the U of A Hope campus. The Center provides high school juniors and seniors with the unique opportunity to earn college credit while still in high school at no charge. The center currently offers certificates of proficiency in HVAC, Industrial Maintenance Technology, Information Technology Coding, General Health, CNA, EMT, and Welding.
- **Book Program**  
The cost of college textbooks is one of the leading cost barriers preventing students from obtaining higher education. In some cases, UAHT students were paying more for textbooks than for tuition. So, in August 2015, the college made the transition from the old college textbook model to the new model, where the college purchases the textbooks and rents them directly to students. For students who participate in the book rental program, the cost of textbooks is only \$20 per credit hour plus tax. Since the inception of the program, students have saved over \$3.8M on textbooks.
- **UAHT RERAIL Program**  
The UAHT RERAIL program is an academic recovery plan piloted in the spring 2020 semester. RERAIL is designed to equip students who have experienced academic difficulty with the information and tools they need to return to good academic standing.
- **Pell Pilot**  
In May 2016, the Department of Education invited only 44 postsecondary institutions across the country to participate in an experiment that, for the first time, allowed students taking college-credit courses to access Federal Pell Grants as early as high

school. UAHT was the only institution in Arkansas chosen to participate in the experiment. Since beginning the experiment, 421 UAHT students have received almost \$1.1M in pell grants.

- James Black School

In 2019, UAHT opened the James Black School of Bladesmithing and Historic Trades in Historic Washington, Arkansas. The James Black School celebrates, preserves, and promotes the art of bladesmithing and historic trades, and the birth of the iconic Bowie Knife in Historic Washington. Students at the school study the art and science of Bladesmithing, Forging, Handles and Guards, Damascus steel, and more. The bladesmithing school is unique in the University of Arkansas System, and reflects the same quality and commitment to excellence in student learning that is the centerpiece of the missions of both the University of Arkansas Hope-Texarkana and the University of Arkansas System.

11. President's Report: Donald R. Bobbitt, University of Arkansas System:

Prior to the President's Report, Dr. Bobbitt called on Chairman Goodson who introduced University of Arkansas at Little Rock Chancellor Christina Drale to make a significant announcement. Dr. Drale announced that UA Little Rock received a \$25 million gift from an anonymous donor that will support the university's strategic enrollment management plan and help UA Little Rock students achieve a world-class education. Fifteen million will be used to establish new need-based scholarships for undergraduate students over the next five years. Students at any level and in any major, either full-time or part-time, with financial need will be eligible. Ten million dollars of the gift is designated for a Student Success Endowment Fund that will expand and permanently support the university's student retention and success initiatives

President Bobbitt expressed appreciation to UACCH-T Chancellor Chris Thomason for his excellent campus report. He noted the disappointment of the Board that they could not visit his campus in person given the situation and thanked Chancellor Thomason for his flexibility in moving the meeting to a hybrid format. He asked Chancellor Thomason to offer thanks to his Board of Visitors for their support of UACCH-T and the UA System. He also acknowledged and thanked UA System staff for their hard work in making the hybrid meeting possible.

President Bobbitt then updated the Board on how the UA System is responding to the rapidly changing dynamics surrounding Covid-19. He expressed appreciation to all the campus and unit leaders for the calm, prudent and professional way they manage this complex operation and to the Board for their commitment of their time over the past eight weeks to assist in addressing the many challenges resulting from the pandemic. He singled out the University of Arkansas for Medical Sciences and Chancellor Cam

Patterson and his staff for their valiant efforts serving as a frontline healthcare provider and as a health policy resource for the state.

Dr. Bobbitt closed his report by recognizing UACCM's Vice President for Academic Affairs Diana Arn. Ms. Arn will retire on May 31, 2020 and President Bobbitt offered thanks and appreciation for her service to UACCM and the UA System.

BOARD POLICY

420.1

ANNUAL LEAVE FOR ACADEMIC AND OTHER NON-CLASSIFIED EMPLOYEES

I. Purpose

The purpose of this policy is to establish procedures for the accrual and use of annual leave, also called vacation leave, for academic and other non-classified employees at any campus, division or unit of the University of Arkansas System.

II. Annual Leave Accrual

Employees whose titles are listed in the appropriation acts as twelve-month non-classified positions will receive 22.5 days of annual leave from the on-set of employment, earned at a rate of 15 hours per month of service, with accrual at the end of each month. While administrative duties cannot be limited to a five-day, forty-hour week, for purposes of annual leave the normal work week shall be considered Monday through Friday.

III. Eligibility

Annual leave is granted to all non-classified and non-student employees on 12-month appointments of one-half time or more, with part-time employees earning leave in proportion to the time worked. An employee whose period of employment is scheduled to be changed from a 12-month basis to a nine-month basis must take all accrued, unused vacation before the end of the 12-month period. An employment period shall not be extended for the purpose of paying an employee for unused vacation, and neither shall lump-sum terminal payment be made unless an employee terminates employment with the University.

IV. Use of Annual Leave

Use of accrued annual leave may be requested by an employee at any time. The appropriate supervisor will grant the request when it will least interfere with the efficient operation of the department. Annual leave shall not be taken before it is accrued.

V. Annual Leave Carryover Limit

Annual leave is cumulative; however, no employee may have in excess of 30 days on December 31 of each year. During the calendar year accrued leave may exceed 30 days, but those days in excess of 30 will be lost if they are not used before December 31 of each year. An exception may be made when an end-of-year vacation is postponed for the convenience of the University. Any such exception must be approved by an appropriate University official.

VI. Other Limitations

Annual leave may not be accumulated while an employee is on leave without pay or on catastrophic leave. Upon termination, resignation, retirement, death, or other action by which a person ceases to be an active employee of the University, the amount due the employee or his or her estate from accrued annual leave or holiday leave, not to exceed 30 working days inclusive of holidays, shall be included in the final pay to the employee. No employee receiving such additional compensation shall return to University employment until the number of days for which he or she received additional compensation has expired.

VII. Annual Leave for Graduate Study

Annual leave for graduate study may be granted to otherwise eligible employees under the following terms:

1. Accrued leave with pay may, if used for graduate study, be accumulated for two calendar years preceding the date of the leave if it is used by January 1 of the third year.
2. Permission to carry over such credit must be requested in writing by the employee and approved by the President in advance of the commencement of vacation accrual.

The President may approve a modified application of the regulation where circumstances warrant not to exceed the earned annual leave for two years.

ANNUAL LEAVE FOR CLASSIFIED EMPLOYEES

420.2

I. Purpose

The purpose of this policy is to establish procedures for the accrual and use of annual leave, also called vacation leave, for classified employees at any campus, division or unit of the University of Arkansas System.

II. Annual Leave Accrual

All employees who work 1,000 hours or more per year in a regular salary classified position accrue annual leave. Annual leave is accrued at the end of each month and is cumulative. Full-time eligible employees accrue annual leave in accordance with the following schedule while employees who work less than full time but more than 1,000 hours per year accrue annual leave in the same proportion to the time worked:

Years of Employment	Monthly	Annually
Through 3 years	8 hours	12 days
3 through 5 years	10 hours	15 days
5 through 12 years	12 hours	18 days
12 through 20 years	14 hours	21 days
Over 20 years	15 hours	22.5 days

III. Use of Annual Leave

Use of accrued annual leave may be requested by an employee at any time. The appropriate supervisor will grant the request when it will least interfere with the efficient operation of the department.

IV. Annual Leave Carryover Limit

No employee may have in excess of 30 days on December 31 of each year. During the calendar year accrued annual leave may exceed 30 days, but those days in excess of 30 will be lost if they are not used before December 31 of each year.

V. Other Limitations

Annual leave may not be accumulated during a period of leave without pay when such leave is for ten or more days within a calendar month. Annual leave is granted on a basis of workdays, not calendar days. Non-workdays such as weekends and holidays falling within a period of annual leave are not charged as annual leave. Annual leave must be earned before it can be authorized and is deducted from the employee's accrued leave in increments of not less than 15 minutes.

Upon termination, resignation, retirement, death or other action by which a person ceases to be an active employee of the University, the amount due the employee or his/her estate from accrued annual leave or holiday leave, not to exceed 30 working days, inclusive of holidays, shall be included in the final pay to the employee. No employee receiving such additional compensation shall return to University employment until the number of days for which he/she received additional compensation has expired.

Unused portions of military leave will be carried over into the succeeding calendar year with a maximum of 30 military leave days available in any one calendar year.

III. Nine-month Employees

Nine-month academic and administrative employees are encouraged to take any needed military leave during the three months they are not under appointment to the University.

IV. Requests for Military Leave and Reemployment

Each employee who requests military leave shall furnish a copy of his or her orders to the employee's vice president or vice chancellor or other University official responsible for the employee's department or academic unit. An employee who is recalled to active duty in the Armed Forces of the United States or who volunteers for military service that would exceed the employee's accumulated leave shall be placed on extended military leave without pay. For an employee whose tour of military duty is more than 30 days but less than 181 days, the employee must submit an application for reemployment within 14 days of the effective date of his or her release from active duty. For an employee whose tour of duty exceeds 181 days, the employee must submit an application for reemployment within 90 days of the effective date of his or her release from active duty. Employees who comply with the terms of this policy and the Uniformed Servicemembers Employment and Reemployment Rights Act (USERRA) shall be reinstated to the position vacated or to an equivalent position at no loss of seniority or any of the other benefits and

privileges associated with their employment. An employee who accumulates five years of military absence as defined by USERRA forfeits his/her reemployment rights.

V. Emergency Duty

Military personnel called to duty by the Governor or by the President of the United States in emergencies, as defined by A.C.A. § 21-4-212(c), shall be granted leave with pay not to exceed 30 working days after which leave without pay will be granted. This leave shall be granted in addition to regular time but not in addition to regular military leave. Additionally, employees whose tour of duty exceeds 30 days may be eligible for proportionate salary payments in accordance with A.C.A. § 21-5-1202.

BOARD POLICY  
COURT AND JURY LEAVE

420.5

I. Purpose

The purpose of this policy is to establish leave procedures for the purposes of jury duty or serving as a witness in a court proceeding for employees at any campus, division or unit of the University of Arkansas System.

II. Employees as Jurors

Any employee serving as a juror shall be entitled to full University compensation in addition to any fees paid by the court for such services. Such absences shall not be counted as annual leave.

Where service on a jury would substantially interfere with the execution of the University work schedule, the chief administrative officer of the campus may, after consulting with the University's Office of General Counsel, petition the judge in writing to exempt an employee from such service. However, if an exemption is denied or if no response is received prior to the date jury duty is to begin, the individual must report for jury duty. An employee who is summoned to serve on jury duty shall not be subject to discharge from employment, loss of sick leave or vacation time, or any other form of penalty as a result of his or her absence from employment due to such jury duty, upon giving reasonable notice to his or her supervisor of the summons. Employees serving as jurors should return to work as soon as their services are no longer needed by the court.

III. Employees as Witnesses

When an employee is subpoenaed as a witness it will be determined through the employee's administrative chain, in consultation with the Office of the General Counsel, if the employees' testimony is within the scope of their employment. Due to the nature of their employment, law enforcement employees may be treated differently. Employees who are called as witnesses for cases in which their testimony is in the scope of their employment are entitled to their salary with no charge to leave for their absence. Depositions or statements which involve the University may be taken during duty hours. Employees who are called as witnesses on matters outside of the scope of their employment shall take annual leave. Nine-month employees, if subpoenaed to testify on matters not related to the University or their scope of employment, will coordinate the scheduling of testimony with their administrative chain to ensure that the absence does not interfere with their University employment duties and is in keeping with applicable leave policies. Use of depositions is preferred for non-scope of employment testimony and should be handled during off-duty time or while the employee is in leave status.

IV. Employees as Expert Witnesses

An employee who intends to serve as an expert witness in a legal matter must comply with University conflict of interest policies, which require disclosure and review of all possible conflicts of interest and commitments. This includes the requirement to comply with all applicable outside employment rules, including Board of Trustees Policy 450.1 Outside Employment, which requires prior approval of all outside employment by all full-time faculty and non-classified staff members. Employees who are retained by a party or by a court as expert witnesses and paid a fee in excess of the normal witness fee set by statute or court rule shall take annual leave for the time required for such testimony. Employees who do not accrue leave should coordinate their absence with their administrative chain to ensure no disruption of their University employment duties.

BOARD POLICY  
LEAVE WITHOUT PAY

420.6

I. Purpose

The purpose of this policy is to establish procedures for granting a leave of absence without pay for an employee of any campus, division or unit of the University of Arkansas System.

II. Approval of the President and Duration

The President's approval is required for any employee's written request for a leave of absence without pay unless such leave is requested in accordance with the provision for military leave, the Family and Medical Leave Act (FMLA) or the Americans with Disability Act (ADA). For classified employees, such leave may not exceed six months. For all other employees, such leave may not exceed 12 months.

III. Limitations

Leave without pay is not to be granted, except in the case of a maternity-related health condition (See Section IV. B. of Board Policy 420.3), until all of the employee's accumulated annual leave has been exhausted, and any employee on a leave of absence without pay does not accumulate annual leave, participate in the group insurance programs to which the University makes a contribution, or receive pay for any legal holidays. An employee may continue participating with the insurance programs provided arrangements are made in advance with the campus human resource office to assume full payment of the premium costs.

IV. Disciplinary Actions

The chief executive office of a campus, division or unit may place an employee in a leave-without-pay status for disciplinary reasons consistent with other Board and UA System Policies and Procedures and in accordance with the written employment policies of the unit involved. In this instance, the individual is not required to exhaust annual leave and sick leave before being placed in leave-without-pay status.

BOARD POLICY  
EDUCATION LEAVE

420.7

I. Purpose

The purpose of this policy is to establish procedures for the granting of employee education leave and for the accrual and use of leave for children's education activities for employees at any campus, division or unit of the University of Arkansas System.

II. Educational Development for Employees

A regularly appointed employee may be granted educational leave by the President of the University on the following basis:

1. The employee will continue in the service of the University for a period of time as statutorily required or in the absence of a specific law, at least twice the

length of his or her course of training. Any employee who does not fulfill these obligations shall be required to pay to the University the total cost or a proportionate share of the cost of the out-service training and compensation paid during the training period.

2. A written contract setting forth all terms of the agreement shall be signed by the employee and the President or Chancellor. The employee shall retain all rights in the position held at the time when the leave was granted or in one of comparable security and pay.

The amount of salary paid during the training period will be agreed upon by the employee and the President or Chancellor but may not in any case exceed the regular salary paid the employee. Payments for tuition, fees, books, and transportation may be made only if such sums have been specifically appropriated by the General Assembly for such purposes.

Each campus, division or unit may develop procedures for this purpose.

### III. Leave for Children's Educational Activities

All full-time employees shall be entitled to eight (8) total hours of leave (regardless of the number of children) each calendar year for the purpose of engaging in and traveling to or from the educational activities of a child. An educational activity is a school-sponsored activity. For purposes of this policy, child generally means a person enrolled in an educational program for prekindergarten through grade twelve (pre K-12) who is of the following relation to the employee: natural child; adopted child; stepchild; foster child; grandchild; ward; or any other legal capacity in which the employee is acting as the parent for the child. Child also includes a person over the age of eighteen (18) who meets the foregoing criteria and has a developmental disability as defined by Arkansas law, or who has declared legally incompetent.

Unused leave may not be carried over to the next year and is not payable to the employee at the time of termination.

### 19. Approval Concerning Board Policy 440.1, Tuition Waiver for Employees, Related to COVID-19 Issues, All Campuses and Units:

Associate Vice President for Benefits & Risk Management Services Steve Wood presented a request for approval concerning a temporary exception to Board Policy 440.1, Tuition Waiver for Employees. Some employees have experienced a change in percent

time employed, either voluntarily or involuntarily, due to the COVID pandemic. Board Policy 440.1, Tuition Waiver for Employees, is normally only available for full time employees; however, it was recommended that the institutions be given the ability to make an exception to BP 440.1 “full time active employees” requirement to enable these affected employees to take advantage of this benefit to receive a tuition discount for the summer and fall terms of 2020. Upon motion by Trustee Gibson and second by Trustee Dickey, the following resolution was approved:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board authorizes the Chancellors of the various campuses to waive the full-time employment requirement of Board Policy 440.1, Tuition Waiver for Employees, for those employees seeking tuition discounts for summer and fall 2020 terms who have had their percent time employed reduced due to the COVID-19 pandemic.

20. President’s Report of Police Authority Granted:

Since the President’s Report to the Board on March 18-19, 2020, police authority was granted to Officer Jared Gartrell at UAFS and Officer Drew Matlock at UAMS.

There being no further business to come before the Board, upon motion by Trustee Dickey and second by Trustee Gibson, the meeting adjourned at 12:22 p.m.

Respectfully Submitted,
