

STUDENT RESIDENCY STATUS FOR TUITION AND FEE PURPOSESI. Purpose

The purpose of this policy is to establish guidelines to classify students for the purpose of assessing tuition and fees as either “in-state” or “out-of-state.” These guidelines seek to balance fairness and equity to the students enrolled at campuses within the University of Arkansas System and to the citizens of Arkansas, who support the educational services provided by the University.

II. Initial Classifications; Definitions and Criteria

- A. Pursuant to this policy, a student shall be admitted to the University in an "in-state" or "out-of-state" status for tuition and fee purposes. Except as otherwise provided under this policy or state law, to be classified as "in-state" for tuition and fee purposes at the time of admission, a student must have established a bona fide domicile in Arkansas and must have resided continuously in this state in that bona fide domiciliary status for at least six consecutive months prior to submission of the student’s application for admission.
- B. A bona fide domicile is a home of apparent true, fixed, and permanent nature, a place of actual residing for all purposes of living that may be distinguished from a temporary sojourn in this state as a student. The person claiming domicile in Arkansas must provide evidence of permanent connection with the State of Arkansas and demonstrate the expectation of remaining in this state beyond graduation. For purposes of implementing this policy, each campus shall provide standards that will be applied in making the determination of residence.
- C. Except as otherwise provided under this policy, the domicile of an adult student (18 years of age or older, unmarried and a non-dependent as described below) or emancipated minor student shall be based on the student’s own domicile.
- D. Except as otherwise provided under this policy, the domicile of an unemancipated minor student (less than 18 years of age) or an unmarried dependent who has not attained the age of 24 shall be the domicile of the student’s parents or surviving parent, or such other person legally standing in the place of a parent to the student with whom the student in fact makes a home, and who has been making substantial contributions to the support of the student for at least six consecutive months prior to the term or semester for which the tuition and fees are paid.
- E. A student who cannot satisfy the criteria for Arkansas domicile will be classified as an "out-of-state" student and will pay tuition and fees accordingly.

- F. A student holding a temporary visa will be classified as a foreign student and an “out-of-state” student for purposes of tuition and fees. A student who has been granted permanent visa and has been domiciled in Arkansas for six consecutive months following receipt of the permanent visa shall be classified as an “in state” student for tuition purposes.
- G. The six-month period required in paragraph II(A) of this policy shall be waived for persons, their spouses, and their unmarried children (who have not yet attained the age of 24) who move to Arkansas¹ with attendance at the University only a by-product of the primary purpose of establishing domicile in this state.
- H. An unmarried student who has not reached the age of 24 years and who has one parent residing in Arkansas (for at least six consecutive months immediately prior to the beginning of the term or semester in which the tuition and fees are to be paid) shall be considered an "in-state" student for tuition and fee purposes, even if that student resided outside the state with the other parent before coming to Arkansas to attend the University.
- I. Marriage is recognized as emancipation for any minor student.
- J. The spouse of a person continuously domiciled in Arkansas (for at least six consecutive months immediately prior to the beginning of the term or semester in which the tuition and fees are to be paid) upon request shall be classified as "in-state" for tuition and fee purposes.

III. Reclassifications

- A. The initial classification of a student will not prejudice a different classification for following terms or semesters. However, a student's prior domicile is assumed to continue until the student clearly establishes a bona fide domicile in Arkansas (see IV Procedures).
- B. A student previously classified as “out-of-state” may be reclassified as “in-state” for tuition and fee purposes if the student has established a bona fide domicile in Arkansas and has resided continuously in this state in that bona fide domiciliary status for at least six consecutive months prior to seeking reclassification by the University.
 - (1) In order for an adult student or an emancipated minor student to establish a bona fide domicile in Arkansas for tuition purposes, the student must have left the parental home, must have established in this state a home of a permanent character as manifested objectively by good faith acts, and must have the expectation of remaining in this state beyond graduation.

¹For the purpose of this policy, dependents are the spouse and unmarried children who are legal dependents as defined by the IRS.

- C. The single fact of presence in Arkansas for at least six months of attendance as a student enrolled in the University of Arkansas, or any other educational institution, neither constitutes nor necessarily precludes reclassification as one domiciled in Arkansas but will be a factor to be considered.

IV. Procedures

- A. Each student is responsible for registering under a proper classification for tuition and fee purposes. It is the duty of the student to bring any question about residency classification status to the attention of the campus classification review officer in a timely fashion in order that the question may be settled before registration.
- B. A student seeking “in-state” status shall have the burden of establishing that the requirements and standards set out in this policy have been satisfied. Persuasive evidence to that effect must be presented in writing and verified under oath by the student. Mere claims of local domicile and duration of stay are of little weight. A student who knowingly gives erroneous information in an attempt to establish "in-state" status for tuition purposes may be subject to discipline, up to and including dismissal from the University.
- C. All disputed classifications for student tuition and fee purposes, whether at initial enrollment or subsequent enrollments, and all disputed reclassifications will be decided initially on each campus by a classification review officer designated by each Chancellor.
- D. The Chancellor of each campus will designate a campus classification appeal officer to receive petitions from decisions made by the campus classification review officer. Each campus classification appeal officer may, in his/her discretion, make investigations, receive evidence, and conduct informal hearings. After considering the case, the campus classification appeal officer will render a decision and notify the affected student of the decision in writing. Any decision of the campus classification appeal officer may be appealed to the Vice President for Academic Affairs of the University of Arkansas System, who shall recommend final disposition to the President of the University.
- E. Written notice of the appeals procedure will be provided to each student raising a question about the student’s status with the campus residency classification review officer.
- F. Determination of domicile will be based on a review of all pertinent facts, evidence, and circumstances which collectively show, in an objective and clear manner, the actual domicile of the student.
