

SMOKING

Pursuant to Ark. Code Ann. § 6-60-801 et seq., smoking or the use of e-cigarettes is prohibited on all University property including buildings, grounds, and vehicles. As defined by law, e-cigarettes include vaping and other electronic nicotine delivery systems. A person in violation of this prohibition may be issued a citation by a law enforcement official, which may result in a fine upon conviction. Each campus, division or unit is responsible for establishing, promulgating, and enforcing policies on smoking.
