

FRESHMAN STUDENT RESIDENTIAL HOUSING REQUIREMENTS

Each campus that provides student residential housing is authorized to establish and implement its own policies with respect to any requirements regarding living in student housing facilities, such as freshman residency requirements, taking into account the educational objectives of the campus and the availability of facilities. Any such policies shall be published from time to time and available to current and prospective students and their families.

~~All single freshmen under 21 years of age are required to live in University residence halls or fraternity or sorority houses except those excused by the Director of Housing for financial reasons,~~

~~health conditions, or to live with close relatives, or when space is not available.~~
